This Official Statement provides certain information concerning the West Virginia Housing Development Fund (the "Housing Development Fund") in connection with the sale of its New Issue Program Bonds, 2011 Series A (the "2011 A Bonds") in the principal amount of \$18,740,000, and its New Issue Program Bonds, 2011 Series B (the "2011 B Bonds"; together with the 2011 A Bonds, the "2011 A and B Bonds") in the principal amount of \$2,000,000. Additionally, this Official Statement is furnished to provide certain information relating to the conversion and re-designation of \$31,110,000 of the Housing Development Fund's \$100,000,000 New Issue Program Bonds, 2009 Series A (the "2009 A Bonds") as the New Issue Program Bonds, 2009 Series A, Subseries A-1 (the "2009 Subseries A-1 Bonds" and, together with the 2011 A and B Bonds, the "NIBP Bonds"). The 2009 A Bonds (including the 2009 Subseries A-1 Bonds), the 2011 A and B Bonds and any additional New Issue Program Bonds that may be issued pursuant to the General Resolution are referred to collectively as the "Bonds."

The 2011 A and B Bonds are being issued pursuant to the West Virginia Housing Development Fund Act, constituting Article 18 of Chapter 31 of the Code of West Virginia, 1931, as amended (the "Act"), the General New Issue Bond Program Resolution adopted by the Housing Development Fund on November 19, 2009 (the "General Resolution"), the First Supplemental New Issue Bond Program Bond Resolution adopted by the Housing Development Fund on November 19, 2009 (the "First Supplemental NIBP Resolution") and the Second Supplemental Resolution Amending the First Supplemental New Issue Bond Program Bond Resolution, adopted by the Housing Development Fund on September 28, 2010 (the "Second Supplemental NIBP Resolution" and together with the First Supplemental NIBP Resolution, the "Supplemental Resolutions"), the direction of the Governor dated November 30, 2009, and a Certificate of Determinations signed by the Executive Director or Deputy Director dated the date hereof ("the Certificate").

See "**THE DESCRIPTION OF THE NIBP BONDS**" for certain information pertaining to the conversion and re-designation of the 2009 Subseries A-1 Bonds.

If the 2009 Subseries A-1 Bonds are not converted and re-designated on the Release Date as described under "**THE DESCRIPTION OF THE NIBP BONDS**" herein, the issuance of the 2011 A and B Bonds may be cancelled.

Pursuant to the General Resolution, bonds issued thereunder are equally and ratably secured by the pledges and covenants contained therein. Certain provisions of the General Resolution and the Supplemental Resolutions (collectively, the "Resolutions") are summarized herein, and a glossary of certain words and terms defined therein and used in this Official Statement appears as **APPENDIX E** to this Official Statement.

## INTRODUCTION

The General Resolution authorizes Bonds to be issued to provide funds to finance single family loans to eligible persons ("Program Loans") within the State of West Virginia (the "State") and to provide funds for deposit into the various funds and accounts established under the General Resolution.

---

† Not reoffered.

On November 19, 2009, the Housing Development Fund's Board of Directors approved a plan of finance authorizing the sale of up to \$166,670,000 of Bonds to provide funds to finance Program Loans. On August 25, 2011, the Board of Directors approved a plan of finance authorizing the issuance of up to \$68,740,000 of Bonds to refund certain prior bonds of the Housing Development Fund. Proceeds of the 2009 Subseries A-1 Bonds being released from escrow and proceeds of the 2011 B Bonds will be used to purchase Program Loans in the aggregate amount of \$33,110,000. Proceeds of the 2011 A Bonds will be used to refund the Housing Development Fund's Housing Finance Bonds, 2001 Series D (the "Prior Bonds") in the amount of \$18,740,000. As a result of the refunding, certain mortgage loans (the "Transferred Amounts"), which are presently subject to the lien and pledge of the Housing Development Fund's General Housing Finance Bond Resolution adopted on April 29, 1976, as amended and supplemented (the "Housing Finance Resolution"), will be transferred to, and thereupon be subject to the lien and pledge of, the General Resolution and allocated to the 2011 A Bonds. See APPENDIX A for information regarding the Prior Bonds' mortgage portfolio data as of June 30, 2011.

The 2009 A Bonds were the first series of Bonds issued under the General Resolution, and the 2011 A Bonds and the 2011 B Bonds will be the second and third series of Bonds, respectively, issued under the General Resolution.

The General Resolution provides for a Capital Reserve Fund to be held by the Trustee, which is required to have on deposit an amount, as of any computation date, equal to the greatest annual amount of Aggregate Debt Service for the current or any future Bond Year, provided that if proceeds of any series of Bonds are held in the Mortgage Loan Fund or some other fund established by the Housing Development Fund, including the Escrow Fund, and may not be released for expenditure until certain conditions are met, the Aggregate Debt Service of such Bonds allocable to the proceeds so held shall not be taken into account until such conditions are met and the Bond proceeds become available for expenditure (the "Capital Reserve Fund Requirement"). An amount sufficient to meet the Capital Reserve Fund Requirement will be deposited with the Trustee upon the issuance of the 2011 A and B Bonds and the Release of the 2009 Subseries A-1 Bonds.

Bonds issued under the General Resolution are general obligations of the Housing Development Fund for which its full faith and credit are pledged. Bonds are additionally secured by a pledge of the revenues derived from the Program Loans financed pursuant to the General Resolution and moneys and securities held in any fund or account established thereunder. In addition, the Bonds are entitled to the benefit of the Mortgage Finance Bond Insurance Fund, a special trust fund established and maintained pursuant to the Act, to which amounts may be appropriated by the State Legislature as more fully described herein. See "MORTGAGE FINANCE BOND INSURANCE FUND".

**THE HOUSING DEVELOPMENT FUND HAS NO TAXING POWER. THE STATE IS NOT LIABLE ON THE BONDS AND THE BONDS ARE NOT A DEBT OF THE STATE.**

The Housing Development Fund's financing of single family loans to eligible persons within the State pursuant to the General Resolution and the Housing Finance Resolution, and the financing of mortgage loans made to eligible persons or sponsors for rental housing accommodations within the State pursuant to the Housing Finance Resolution (and the making of deposits into the various funds and accounts established under the General Resolution and the Housing Finance Resolution, respectively) is herein referred to collectively as the "Program."

There follows in this Official Statement a brief description of the Housing Development Fund and its Program, together with summaries of certain terms of the Bonds, the Resolutions and certain provisions of the Act. All references herein to the Act and the Resolutions are qualified in their entirety by reference to each such document, copies of which are available from the Housing Development Fund. All references to the NIBP Bonds are qualified in their entirety by reference to the definitive forms thereof and the information with respect thereto contained in the Resolutions.

## **NIB Program Description**

The Housing Development Fund issued the 2009 A Bonds in the aggregate principal amount of \$100,000,000, as part of the New Issue Bond Program (the “NIB Program”) of the United States Department of the Treasury (the “Treasury”). Fannie Mae and the Federal Home Loan Mortgage Corporation (each, a “GSE” and collectively, the “GSEs”) purchased the 2009 A Bonds under the NIB Program. The 2009 A Bonds currently bear a short-term variable interest rate equal to the investment earnings on the proceeds of such 2009 A Bonds (the “Escrow Rate”). The proceeds of the 2009 A Bonds are on deposit in an escrow fund under the General Resolution (the “Escrow Fund”). Amounts in the Escrow Fund do not secure and are not available to pay any Bonds other than the Escrow Bonds.

Amounts deposited in the Escrow Fund are held as security for the 2009 A Bonds until their release from escrow and the conversion of the interest rate on an equal principal amount of 2009 A Bonds (“Conversion”) from the variable rate to a short-term fixed interest rate to be in effect for two months following such release (the “Short-Term Rate”) and thereafter to an annual interest rate fixed to maturity or prior redemption, established pursuant to the NIB Program (the “Permanent Rate”). Upon satisfaction of certain conditions, moneys can be released from the Escrow Fund (each such event, a “Release”) to fund mortgage loans, make deposits to related reserve accounts, and redeem Series 2009 A Bonds. The Release with respect to the 2009 Subseries A-1 Bonds will be the first such Release by the Housing Development Fund. The Housing Development Fund may effect a Release of such proceeds on one or more (not to exceed four) additional dates in calendar year 2011, unless the NIB Program is otherwise extended. Any such 2009 A Bonds so Released and Converted are referred to herein as the “Converted 2009 A Bonds” and any 2009 A Bonds not so Released and Converted are referred to herein as “Escrow Bonds”. The NIB Program requires that the principal amount of Converted 2009 A Bonds, on the date of Conversion thereof, be matched by a Housing Development Fund offering and sale to the public markets of parity Bonds under the Resolution (“Market Bonds”) in a principal amount at least equal to 40% of the total principal amount of the Market Bonds so sold and the Converted Bonds subject to such Conversion collectively. Under current NIB Program requirements, if any portion of the proceeds of the 2009 A Bonds is not Released by December 31, 2011, the remaining escrowed funds must be used to redeem such unconverted 2009 A Bonds on February 1, 2012 at a redemption price equal to the principal amount thereof plus interest accrued to the date of redemption, without premium. No assurance can be provided that (i) the Housing Development Fund will release any or all amounts in the Escrow Fund or (ii) the Housing Development Fund will continue to issue Bonds under the General Resolution.

## **Ratings**

The NIBP Bonds are rated “AAA” by Standard & Poor’s Ratings Services, a Division of The McGraw-Hill Companies (“S&P”) and “Aaa” by Moody’s Investors Service, Inc. (“Moody’s”).

Additionally, Moody’s and S&P rate the Housing Development Fund’s unsecured, long-term general obligation debt pledge “Aaa” and “AAA” respectively. Fitch Ratings (“Fitch”) rates the Housing Development Fund’s short-term general obligation debt pledge “F-1+”. These ratings are not assigned to any particular issue of debt, but rather, represent an overall credit assessment by the respective rating agencies of the Housing Development Fund’s general obligation debt pledge. The Housing Development Fund does, however, pledge its general obligation to the NIBP Bonds (see “Pledge of the General Resolution” under the caption “Nature of Bonds and Sources of Payments”). In 1987, the Housing Development Fund became the fifth housing agency designated as a Top Tier Housing Issuer by S&P. The Housing Development Fund makes no representation as to the meanings of such ratings or designation.

The ratings are not recommendations to buy, sell or hold the NIBP Bonds. There is no assurance that such ratings will be maintained for any period of time or that such ratings will not be withdrawn or revised downward by Moody’s, S&P or Fitch if, in their judgment, circumstances so warrant. Therefore, after the date hereof, investors should not assume that such rating is still in effect. The Housing Development Fund has not assumed any responsibility either to notify the owners of any proposed rating change or withdrawal of such rating subsequent to the date of this Official Statement, except in connection with the reporting of events as provided in the Continuing Disclosure Agreement (see “UNDERTAKING TO PROVIDE ONGOING DISCLOSURE” herein) or to contest

any such revision or withdrawal. A downward revision or withdrawal of such rating, if taken, could have an adverse effect on the market price of bonds issued by the Housing Development Fund, including the NIBP Bonds.

**Mandatory Sinking Fund Redemptions.** The NIBP Bonds shown below are subject to redemption in part, by lot, at a redemption price equal to the principal amount thereof and interest thereon, from Mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem such NIBP Bonds on the respective dates and in the respective principal amounts as set forth below:

## NATURE OF BONDS AND SOURCES OF PAYMENT

### Special Pledge for Escrowed 2009 A Bonds

Amounts and assets held in the Escrow Fund are pledged solely to secure the Escrow Bonds, and other Bonds have no claim or security interest in such amounts and assets.

### Pledge of the General Resolution

The General Resolution is a contract among the Housing Development Fund, the Trustee and the holders of all Bonds issued thereunder, and the provisions thereof are for the equal benefit, protection and security of the holders of Bonds, each of which, regardless of time of issue or maturity, is to be of equal rank without preference, priority or distinction except as provided in the General Resolution. See "**APPENDIX E - DEFINITIONS OF CERTAIN TERMS AND SUMMARY OF THE GENERAL RESOLUTION – Remedies.**"

The Bonds are general obligations of the Housing Development Fund payable from any funds of the Housing Development Fund available therefor pursuant to the Act, which excludes payment from the Housing Development Fund's Land Development and Jobs Development Funds and the Housing Finance Resolution. To further secure the payment of the principal, redemption price, and interest on the Bonds, the General Resolution creates a continuing pledge of and lien on the following revenues and assets:

(a) The Pledged Receipts, which consist of (i) the scheduled payments of principal and interest from any mortgage loan financed pursuant to the General Resolution (the "Acquired Mortgages") or amounts received in lieu thereof with respect to any Acquired Mortgage as a result of default, (ii) fees, charges and other income paid to the Housing Development Fund with respect to such Acquired Mortgages (excluding, however, servicing fees, escrow payments and Recoveries of Principal, as described below, and/or fees, charges and other income received prior to the financing of an Acquired Mortgage pursuant to the General Resolution or amounts which are required by the Act to be deposited in the Mortgage Finance Bond Insurance Fund), and (iii) amounts received as a result of the investment or deposit of amounts held in any Fund or Account established pursuant to the General Resolution which are in excess of any losses on such investment or deposits;

(b) The Recoveries of Principal, which consist of all amounts received by the Housing Development Fund as a recovery of the principal amount of any Acquired Mortgage (i) as a result of the acceleration of the due date thereon through foreclosure or other proceeds of foreclosure or condemnation, (ii) as a result of the prepayment thereof, including any penalty, fee, premium or additional charge, or (iii) on account of the sale, assignment, endorsement or other disposition thereof, or from the sale of the whole or any part of the property originally covered by an Acquired Mortgage subsequent to the acquisition of such property by the Housing Development Fund as a result of default, or insurance proceeds received as a result of default; and

(c) All amounts held in any Fund or Account established pursuant to the General Resolution, including Investment Securities on deposit therein.

### **Additional Bonds**

Additional series of Bonds may be issued as provided in the General Resolution on a parity with the 2009 A Bonds and the NIBP Bonds secured by an equal charge and lien on such revenues and assets and payable equally therefrom, but no series of Bonds may be issued unless the principal amount of all Bonds issued or to be issued will not exceed any limitation imposed by law and unless, upon the issuance of such Bonds, the amount credited to the Capital Reserve Fund will not be less than the Capital Reserve Fund Requirement. No assurance can be provided that (i) the Housing Development Fund will release any or all of the amounts in the Escrow Fund or (ii) the Housing Development Fund will continue to issue Bonds under the General Resolution.

The Housing Development Fund reserves the right to adopt additional general bond resolutions and to issue other obligations.

Certain revenues and assets of the Housing Development Fund have been pledged to the payment of certain obligations other than the Bonds. See "THE HOUSING DEVELOPMENT FUND - Management Discussion and Analysis – General Fund" and "OTHER PROGRAMS OF THE HOUSING DEVELOPMENT FUND".

The investment of tax-exempt Bond proceeds is subject to the arbitrage requirements imposed by the Code and the regulations thereunder which require the Housing Development Fund to rebate to the federal government every five years the applicable rebate amount computed in accordance with such regulations.

### **Capital Reserve Fund**

The General Resolution provides for a Capital Reserve Fund to be held by the Trustee which, as of any computation date, is required to have on deposit an amount equal to the greatest annual amount of Aggregate Debt Service for the current or any future Bond Year, provided that if proceeds of any series of Bonds is held in the Mortgage Loan Fund or some other fund established by the Housing Development Fund and may not be released for expenditure until certain conditions are met, the Aggregate Debt Service of such Bonds allocable to the proceeds so held shall not be taken into account until such conditions are met and the Bond proceeds become available for expenditure (the "Capital Reserve Fund Requirement"). In the event that other funds available to the Housing Development Fund under the General Resolution are insufficient to pay, when due, interest on the Bonds or the principal or Redemption Price thereof (whether redeemed from Sinking Fund Payments or otherwise), the Trustee is required to apply amounts in the Capital Reserve Fund to make such payments. Except for such payments, no withdrawal may be made from the Capital Reserve Fund which reduces the amount in the Capital Reserve Fund to less than the Capital Reserve Fund Requirement. The Housing Development Fund has covenanted to make no withdrawals therefrom unless it has determined that the amounts withdrawn are not necessary to make the scheduled payments of principal and interest on the Bonds. The General Resolution also provides that after the required monthly application of Pledged Receipts for Program Expenses and the provision of the amounts for the payment of principal of and interest on the Bonds, any amounts remaining are to be deposited in the Capital Reserve Fund to the extent necessary to meet the Capital Reserve Fund Requirement. An amount sufficient to meet the Capital Reserve Fund Requirement will be deposited with the Trustee upon the issuance of the 2011 A and B Bonds and the Release of the 2009 Subseries A-1 Bonds.

## **Debt Service and Estimated Revenues Including Prepayments**

The ability of the Housing Development Fund to pay principal of, and interest on, the Bonds and Program Expenses depends upon the receipt by the Trustee of sufficient payments of principal and interest on the Acquired Mortgages, the Program Loans allocated to Transferred Amounts, and the investment or reinvestment of moneys held pursuant to the General Resolution.

Due to the many factors that influence economic and financial market conditions, the Housing Development Fund is unable to predict the level of prepayments and default terminations on Program Loans financed with Bonds. Prepayments received in excess of scheduled principal installments may be used to redeem Bonds. If, on any interest payment date, the amount on deposit in the Revenue Fund is insufficient to pay principal and interest due on Outstanding Bonds, the deficiency is to be provided from available amounts in the Capital Reserve Fund, Surplus Fund, Mortgage Finance Bond Insurance Fund, the General Fund or, under certain circumstances, the Mortgage Loan Fund.

## **Mortgage Finance Bond Insurance Fund**

The Act created and established a special trust fund within the State Treasury designated as the "Mortgage Finance Bond Insurance Fund" (the "Bond Insurance Fund"). The Bond Insurance Fund is under the supervision and control of the West Virginia Municipal Bond Commission (the "Bond Commission") and is kept separate and apart from all other funds of the Housing Development Fund, the Bond Commission, and the State. The Housing Development Fund is permitted to pledge amounts in the Bond Insurance Fund to the payment of certain bonds (herein called "Mortgage Finance Bonds") in the manner, to the extent, and on such terms and conditions as may be provided by the Housing Development Fund. In addition to the Bonds, the Housing Development Fund's Housing Finance Bonds issued pursuant to the Housing Finance Resolution are also covered by the Bond Insurance Fund. The Housing Development Fund reserves the right to adopt additional general bond resolutions and to issue other obligations secured by the Bond Insurance Fund and designated as Mortgage Finance Bonds.

Except for federally insured/guaranteed mortgage loans, the Housing Development Fund is required to charge a special commitment fee in the amount of one percent of the principal amount and special monthly premiums at a rate of one-half of one percent per annum on all loans made or purchased with the proceeds of the sale of such Mortgage Finance Bonds, and such fees and premiums are required to be deposited in the Bond Insurance Fund.

In the General Resolution, the Housing Development Fund has pledged the amounts in the Bond Insurance Fund to the payment of the Bonds and has covenanted that it will not issue any other obligations secured by the pledge or lien on such amounts prior to or having a preference over the pledge and lien thereby created. The Act requires that the Housing Development Fund deposit an amount for the Bonds, which together with the sum of the amount then on deposit in the Bond Insurance Fund and in the Capital Reserve Fund, shall equal the "minimum bond insurance requirement" (as herein defined). However, pursuant to the General Resolution, amounts on deposit in the Bond Insurance Fund will not be taken into account when computing the Capital Reserve Fund Requirement.

Pursuant to the Act, the "minimum bond insurance requirement" means, as of any particular date of computation, an amount of money equal to the greatest of the respective amounts, for the then current or any future calendar year, of annual debt service of the Housing Development Fund on all outstanding Mortgage Finance Bonds secured by a pledge of amounts in the Bond Insurance Fund; such annual debt service for any calendar year being the amount of money equal to the aggregate of (a) all interest payable during such calendar year on such Mortgage Finance Bonds on such date of computation, plus (b) the principal amount of such Mortgage Finance Bonds outstanding which matures during such calendar year, other than Mortgage Finance Bonds for which annual sinking fund payments have been or are to be made in accordance with the general resolution authorizing such bonds, plus (c) the amount of all annual sinking fund payments payable during such calendar year with respect to any such Mortgage Finance Bonds, all calculated on the assumption that such bonds will after said date of computation cease to be outstanding by reason, but only by reason, of the payment of such bonds when due, and application in accordance with the general resolution authorizing such bonds of all such sinking fund payments payable at or after said date of computation.

If, at any time, the Housing Development Fund determines that because of defaults or other reasons the moneys available therefor are insufficient to pay the principal, including the annual sinking fund payments, of and interest on Mortgage Finance Bonds becoming due during the next ensuing six-month period, the Housing Development Fund must give written notice to the Bond Commission of the amount of moneys required for such payment, and must request that the Bond Commission make such payment on or before the time and to such trustee or paying agent for any of the Mortgage Finance Bonds as shall be specified in such notice, and the Bond Commission shall make such transfer.

In order to assist in maintaining an amount equal to the minimum bond insurance requirement in the Bond Insurance Fund, the Act provides that:

"In the event that the sum of the amount held in the mortgage finance bond insurance fund and in reserves set aside with a trustee or trustees and held pursuant to the resolution or resolutions authorizing the issuance of such bonds only for the payment of designated mortgage finance bonds prior to, or at, their maturity, shall be less than the minimum bond insurance requirement, the chairman of the housing development fund shall certify, on or before the first day of December of each year, the amount of such deficiency to the governor of the State, for inclusion, if the governor shall so elect, of the amount of such deficiency in the budget to be submitted to the next session of the legislature for appropriation to the state sinking fund commission [the Municipal Bond Commission\*] for deposit in the mortgage finance bond insurance fund: Provided, that the legislature shall not be required to make any appropriation so requested, and the amount of such deficiencies shall not constitute a debt or liability of the State."

---

\*The Legislature has changed the name of the State Sinking Fund Commission to the "Municipal Bond Commission".

## Management Discussion and Analysis - Bond Insurance Fund

Based on the current levels of the Capital Reserve Fund and net assets of the Mortgage Finance Bonds to which the Bond Insurance Fund is pledged, the Housing Development Fund currently expects transfers from the Bond Insurance Fund will not be required to meet the Capital Reserve Fund Requirements of any currently outstanding Mortgage Finance Bonds. The Housing Development Fund has withdrawn funds from the Bond Insurance Fund to fund various programs as explained under *Inter-program Transfers, Net*. The Housing Development Fund may make additional withdrawals from the Bond Insurance Fund for other purposes.

The following provides a brief explanation of the individual line items in the prior “Summary of Revenues, Expenses and Changes in Net Assets – Bond Insurance Fund.”

*Interest on Loans* is mortgage loan interest income earned by the Bond Insurance Fund from both single family and multifamily mortgages held for investment purposes. The single family loans were loans remaining from retired single family bond resolutions. The multifamily loans include federally insured and federally guaranteed loans purchased as an investment from other programs operated by the Housing Development Fund.

*Fees* represent the amounts required by the Act to be charged on privately insured or uninsured mortgage loans made or purchased with the proceeds of Mortgage Finance Bonds. The Act requires a special commitment fee in the amount of one percent of the principal amount and a special monthly premium at a rate of one-half of one percent per annum on those mortgage loans. Since 1986, the Housing Development Fund has paid such fees and premiums on behalf of the borrowers from available funds. As the principal amount of mortgage loans whose special monthly premium is not paid by the Housing Development Fund continues to decrease, the amount of fees earned by the Bond Insurance Fund continues to decrease. This is reflected by the decline in *Fees* from fiscal year 2007 through 2011.

Since 1986, the Housing Development Fund has withdrawn funds from the Bond Insurance Fund pursuant to Section 20b(c) of the Act. Such withdrawals were in amounts sufficient to subsidize the special bond insurance commitment fees and the special monthly premiums due on privately insured or uninsured Mortgage Loans originated with proceeds of previous Bonds. The Summary of Revenues, Expenses and Changes in Net Assets of the Bond Insurance Fund is not affected by these withdrawals.

*Program and Administrative Expenses, Net* represents staff and other costs related to the administration of the Bond Insurance Fund as well as foreclosed property expenses and mortgage loan loss provisions. The fluctuations from year to year are primarily related to fluctuations in loss provision expenses.

*Interest on Investments* is income earned on the investment of funds in the Bond Insurance Fund. The decrease in fiscal 2011 was primarily due a decrease in investment rates. As long-term investments mature or are redeemed the Fund’s long-term average rates are decreasing due to the current lower yield opportunities for the reinvestment of these funds.

*Unrealized (Loss) Gain on Investments:* The Governmental Accounting Standards Board (GASB) Statement #31 requires certain investments be recorded at fair value and the unrealized gains or losses be reported in the Summary of Revenues, Expenses and Changes in Net Assets.

*Inter-program Transfers, Net* represents permanent funds transfers to or from other Housing Development Fund programs.

- In fiscal 2007, the Housing Development Fund withdrew \$2,400,000 from the Bond Insurance Fund and transferred the funds to its economic development program.
- In fiscal 2008, the Housing Development Fund withdrew \$1,500,000 from the Bond Insurance Fund and transferred the funds to the Housing Finance Resolution to fund capital reserves.

## THE HOUSING DEVELOPMENT FUND

The Housing Development Fund was established in 1968 as a governmental instrumentality of the State and a public body corporate. Its primary corporate purpose is to increase the supply of residential housing in the State for persons and families of low and moderate income and, among other things, it is empowered by the Act to provide construction and permanent mortgage financing to public and private sponsors of such housing.

The Housing Development Fund is authorized to issue its bonds, notes or other obligations up to a limit of \$1,250,000,000 outstanding at any one time, exclusive of refunded obligations, for the purpose of carrying out its various programs. The Housing Development Fund expects to have a principal maturity amount of \$664,890,000 bonds outstanding following the delivery of the NIBP Bonds. The bonds outstanding include three series of limited, special obligations in the amount outstanding of \$10,135,000. These special obligation bonds are secured by loan repayments and deeds of trust on three projects. None of the Housing Development Fund's other assets or revenues including the Mortgage Finance Bond Insurance Fund and amounts held in any Fund or Account established pursuant to the General Resolution are pledged to the payment of these special obligations. Furthermore, these special obligations are not secured by the Housing Development Fund's general obligation debt pledge or its moral obligation.

### **Powers and Purposes**

In 1969, the Supreme Court of Appeals of West Virginia unanimously affirmed the constitutionality of the Act as then in effect and the validity of the Housing Development Fund and its purposes. Since then, several amendments were made to the Act which expanded the scope of the Housing Development Fund's powers with respect to its housing programs including providing housing for persons of higher income, providing temporary housing for homeless people, disaster victims, battered persons, families with hospitalized persons, and students and handicapped persons, and providing home improvement and rehabilitation loans. In 1989, the Act was extensively amended to grant the Housing Development Fund significant new powers, including the making of loans for "nonresidential projects" as well as loans for residential housing. A "nonresidential project" is broadly defined to include any project determined by the Housing Development Fund as likely to foster and enhance economic growth and development in the State.

In 1992 the Act was amended to create a new "Special Project Account" in the Land Development Fund, into which the Housing Development Fund transferred \$10,000,000. From this amount \$5,450,000 was used to provide the State match for the Water Pollution Control Revolving Fund already existing under State law, and \$4,550,000 was used to finance soil conservation projects.

The 1992 amendment also required the Housing Development Fund to transfer the sum of \$10,000,000 to a new fund created within the Housing Development Fund to be known as the "Jobs Development Fund". Such funds were transferred on July 1, 1992 and are available solely to fund, as requisitioned from time to time, the activities of the Jobs Investment Trust, which is a public body corporate of the State. None of the moneys in the Jobs Development Fund are available for use by the Housing Development Fund nor are those funds reflected in the financial statements of the Housing Development Fund.

Under the Act, the State has pledged and agreed to the holders of any notes and bonds issued thereunder, including the Bonds, that it will not limit or alter the rights vested in the Housing Development Fund to fulfill the terms of any agreements made with the holders of any such notes or bonds, or in any way impair the rights and remedies of such holders until such notes or bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the Housing Development Fund is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The Act authorizes the Housing Development Fund to include this pledge and agreement of the State in any agreement with the holders of such notes and bonds, and the Housing Development Fund has so covenanted in the Resolutions.

## **Operations to Date**

Through its various programs, the Housing Development Fund has financed or assisted in the development or provision of over 110,000 housing units in the State. The Housing Development Fund finances single family mortgage loans through the issuance of bonds using an advance commitment procedure. Using this procedure, mortgage loans are acquired which have been specifically originated for purchase by the Housing Development Fund. The Housing Development Fund's multifamily loan portfolio is entirely self originated. The Housing Development Fund operates a secondary market program as a Federal National Mortgage Association ("FNMA"), Federal Home Loan Mortgage Corporation ("FHLMC"), and Government National Mortgage Association ("GNMA") seller/servicer. The Housing Development Fund services all single and multifamily loans in its portfolio and is the largest loan servicer in the State.

In planning and operating its various programs, the management of the Housing Development Fund takes into consideration various economic and regulatory factors which affect its business activities and legislative mandate. Such factors, including prevailing economic conditions, mortgage interest rates, investment rates, the demand for housing, the cost of housing and of operating housing programs, the volume of mortgage lending activity in the State and other factors affecting the supply of housing in the State may affect the financing activities of the Housing Development Fund. The programs operated by the Housing Development Fund have been and may again be affected by State and federal administrative, regulatory and legislative actions.

## **Organization and Membership**

The Housing Development Fund is governed by an eleven-member Board of Directors consisting of the Governor, Attorney General, Commissioner of Agriculture and Treasurer, all of whom serve ex-officio as public directors, and seven members chosen as private directors from the general public residing in the State. The Governor with the advice and consent of the State Senate appoints private directors for staggered terms of four years. No more than four of the private directors may be from the same political party. The Act, as amended in January 2005, designates the Governor or his or her designee as the Chair of the Board of Directors. This amendment also provides that the Governor shall appoint the executive director, with the advice and consent of the State Senate, and that the executive director will serve at the Governor's will and pleasure.

## Management Discussion and Analysis - General Fund

The General Fund includes certain programs funded from excess reserves of the Housing Development Fund, single family mortgage loans, results of the Housing Development Fund's loan servicing operations and refinancing program, fees for the contract administration of the Department of Housing and Urban Development's ("HUD") Section 8 Housing Assistance Payments ("HAP") Program, the administrative expenses of its operations and the operating revenues and expenses of the Housing Development Fund's office building. The General Fund also includes the operations of the WVHDF Company, LLC, a wholly owned subsidiary of the Housing Development Fund formed in March 2001 to provide competitively priced title insurance. In April 2007, the Housing Development Fund elected to cease its title insurance operations.

Pursuant to the Act and its agreements with the holders of its notes and bonds, substantial portions of the Housing Development Fund's current and long-term assets are pledged to secure specific obligations, or are otherwise restricted. Assets of restricted funds and programs may be transferred to the General Fund for general purposes, subject to the provisions of the respective bond and note resolutions. There can be no assurance that circumstances will not occur that will require expenditure of amounts in the General Fund or that losses in the General Fund will not occur.

The following provides a brief explanation of the individual line items in the above Summary of Revenues, Expenses and Changes in Net Assets – General Fund.

*Interest on Loans* represents the loan interest income earned on single family loans purchased for investment purposes, single family loans which were transferred to the General Fund following retirement of their corresponding bonds or loans warehoused in the General Fund in anticipation of upcoming bond issues. As these loan balances decline, so does Interest on Loan revenues. The increases in 2010 and in 2011 are due to the purchase of single family loans warehoused in the General Fund prior to being transferred to the single family bond program upon the issuance of additional bonds.

*Fees* represent earnings on the Housing Development Fund's loan servicing activities. Also included in this line item are fees earned in connection with the administration of the HUD Section 8 Rental Assistance Payment Program and the Low-Income Housing Tax Credit program. The increase in 2008 is primarily due to an increase in Low-Income Housing Tax Credit fees and an increase in service fees. The decrease in 2009 is primarily related to a decrease in Low-Income Housing Tax Credit fees and a decrease in servicing fees. The increase in 2010 is primarily related to an increase in Low-Income Housing Tax Credit fees and an increase in servicing fees. The decrease in 2011 is primarily due to a decrease in Low-Income Housing Tax Credit fees and a decrease in fees earned in the HAP Program. HUD is in the process of rebidding the contracts under which the Housing Development Fund currently administers the HAP Program. If the Housing Development Fund is not the winning bidder pursuant to such process, it will no longer receive fee income for this function. Currently, such fee income is approximately \$2,000,000 annually. The Housing Development Fund does not expect the loss of such fee, if any, to impair its administration of the Program.

*Other Revenues* consist primarily of rental income from the Housing Development Fund's building and to a lesser extent net gains on the sale of foreclosed properties. The increase in 2009 is due to an increase in rental income. The increase in 2010 is primarily related to the receipt of Neighborhood Stabilization Program administrative fees for assistance provided to the State of West Virginia. The decrease in 2011 was primarily due to the reclassification of Neighborhood Stabilization Program administrative fees. These fees were recorded as *Other revenues* in fiscal year 2010 and recorded as *Administrative expenses, net* in fiscal year 2011.

*Program and Administrative Expenses, Net* primarily includes wages, Special Needs and other grant programs, operating expenses of the loan servicing department, operations of the Housing Development Fund's building, provision for loan losses, servicing release fees paid for single family bond loans and loans purchased for sale in the Secondary Market Program, and loan origination fees paid on behalf of borrowers in the HOME Program.

*Program and Administrative Expenses* increased in 2009 primarily due to an increase in servicing release fees paid for secondary market loans and an increase in expenses related to the planning and design phase of the Housing Development Fund's new office building site. The increase in 2010 is primarily related to an increase in Low- Income Housing Tax Credit monitoring fees and an adjustment to loan loss provisions. The decrease in 2011 is primarily due to a decrease in Low-Income Housing Tax Credit monitoring fees and a decrease in cost of issuance expenses.

*Interest on Investments* is interest earned on the investment of funds in the General Fund. Since the Housing Development Fund maintains a high level of liquidity in the General Fund it is particularly impacted by fluctuations in short term interest rates. *Interest on Investments* decreased in fiscal 2008, 2009, 2010 and 2011 due to lower interest rates.

*Inter-program Transfers, Net*, primarily includes transfers to and from the General Fund for funding allocations relating to programs such as the Economic Development, Homeownership Assistance, Revolving Loan, Flood, and the Leveraged Loan Program. Also included on this line are transfers to the General Fund of mortgage loans and other assets remaining in certain bond programs following the retirement of the bonds. To a lesser extent, transfers have been made from the General Fund to various bond programs for other purposes.

- During fiscal 2007, the net amount of \$3,035,000 was transferred from General Fund to Other Loan Programs related to funding allocations to various programs. Also in fiscal year 2007, the Special Needs, Low Income Assisted Mortgage, and Short-term Land Programs in the amount of \$4,972,000 were transferred from the General Fund to Other Loan Programs to remove loan production programs from the General Fund solely to streamline administration of the programs.
- During fiscal 2011, \$4,665,000 was transferred to General Fund from Other Loan Programs to fund the construction of the Housing Development Fund's new office building.

Assets and net assets of the General Fund are principally unrestricted. However, the Board of Directors has designated \$1,000,000 of the General Fund's net assets to provide indemnification for its Directors and Officers.

The Governmental Accounting Standards Board (GASB) has issued Statement No. 45, "*Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*" (OPEB). The Housing Development Fund adopted this pronouncement beginning with the fiscal year ending June 30, 2008. GASB 45 requires the Housing Development Fund to complete an actuarial based estimation of OPEB costs every three years.

The Housing Development Fund hired an actuarial firm and completed its most recent actuarial study as of May 19, 2010. Based on this study, the assets set aside by the Housing Development Fund's management at December 31, 2009 are such that there is no unfunded liability. The Housing Development Fund has established an irrevocable trust to accumulate and invest future retiree health contributions based on the calculated Annual Required Contribution amount per GASB 45. Assets set aside for these costs are on deposit in the trust and the Housing Development Fund is making its annual required contribution.

The Housing Development Fund purchased a parcel of land and has constructed a new office building for its operations. The Fund moved its operations to the new site in August 2011. No bonds were issued to cover the cost of the construction.

## **SINGLE FAMILY PROCEDURES AND POLICIES**

In connection with its single family financings under the General Resolution and the Housing Finance Resolution, the Housing Development Fund has established program standards relating to its single family lending activities which set out general requirements and policies with respect to qualifications of Participating Lenders and Eligible Borrowers (all herein defined below), as well as the basic requisites applicable to all Program Loans and the dwellings which are mortgaged to secure such Program Loans. The Housing Development Fund's Procedural Guide (the "Procedural Guide") sets forth more particular instructions for its Participating Lenders, and includes procedures and documentation requirements established to enable the Housing Development Fund to comply with

the provisions of the Code. It is expected that there may be variations in particular cases and the policies and procedures of the Housing Development Fund may be modified from time to time. Those modifications will be consistent with the Act, the Resolutions, the Housing Finance Resolution, the Code and the procedures applicable to mortgage loans insured by FHA, guaranteed by USDA RHS (formerly the Farmer's Home Administration) or the VA or insured by private mortgage insurance companies. The Housing Development Fund has generally conformed its single family procedures and policies, in most respects, to the procedures followed by Fannie Mae, Ginnie Mae, and Freddie Mac, and other major secondary mortgage market institutions. Such procedures have been designed to permit loans financed to meet the requirements for Program Loans under the General Resolution and the Housing Finance Resolution, and applicable provisions of the Code.

**Program Loan Requirements.** Program Loans must meet the origination standards set forth in the Procedural Guide and must provide for substantially level payments of principal and interest on the first day of each month. In addition, Program Loans must conform to the eligibility and credit underwriting standards set forth in the Procedural Guide and to the requirements/limitations of the applicable federal or private mortgage insurer/guarantor.

Program Loans may be used for the purchase of owner-occupied one unit dwellings or two-to-four unit dwellings by residents of the State whose annual gross income does not exceed certain maximum amounts determined from time to time by the Housing Development Fund ("Eligible Borrowers").

Each Eligible Borrower must (a) possess legal capacity to enter into the Program Loan; (b) have a satisfactory credit standing as determined by the Participating Lender and/or the Housing Development Fund; (c) intend to purchase the home for a permanent principal residence; (d) agree not to rent the home during the term of the Program Loan except under certain limited conditions; and (e) with limited exceptions, not have had a present ownership interest in a principal residence at any time during the three-year period prior to the closing date of the applicable Program Loan ("first-time homebuyers restrictions").

Housing Development Fund policies and the requirements of the Code have resulted in the establishment of maximum purchase price limits and family income limits with respect to Program Loans. Such program purchase price limits currently range from \$247,032 to \$665,088. Program income limits currently range from \$53,760 to \$107,100 and are subject to reduction for families having fewer than three persons. The Housing Development Fund, consistent with the Code, may from time to time revise the income eligibility requirements and the purchase price limitations.

Proceeds of each Program Loan must be applied to the permanent financing for the purchase or construction of a residential dwelling unit. Properties eligible for a Program Loan must be located in the State, be structurally sound and functionally adequate and meet all applicable zoning and similar requirements. Such dwelling units include detached and attached one-family houses or townhouses, condominium units or units in a planned unit development and subject to certain limitations, manufactured housing units permanently constructed or affixed on a mortgagor's property.

A Program Loan may be assumed with the consent of the Housing Development Fund, but only if (a) an assumption agreement is entered into by the person or persons assuming the Program Loan; (b) the Program Loan continues to be insured or guaranteed by all applicable insurance policies or guarantees; (c) such Program Loan is assumed by a person who qualifies as an Eligible Borrower, including compliance with the requirements of the Code (if required); and (d) the sales price of the residence is within the applicable purchase price limitations under the Program at the time of assumption (if required).

**APPENDIX B** provides information concerning certain federal insurance programs covering single family loans financed by the Housing Development Fund.

The Housing Development Fund currently makes second mortgage loans available to certain Eligible Borrowers who are qualified to obtain a Program Loan. Such loans, not to exceed the amount authorized by the Board (currently \$15,000), are to assist borrowers with certain closing costs and down payments in connection with the purchase of the home. These second mortgage loans are currently funded by general reserves or from other

available funds. No funds under the General Resolution will be used for this purpose and neither such loans nor the payments received therefrom are directly pledged to the Bonds.

**Procedures for Origination and Purchase.** The Housing Development Fund purchases Program Loans from lenders who, in the regular course of their business, have demonstrated an ability to originate mortgage loans and have indicated an interest in participating in the Program (the "Participating Lenders").

The Housing Development Fund establishes a pool of money from which lenders are able to apply for commitments of funds to purchase Program Loans. Participating Lenders draw from this pool by receiving a forward commitment at the time of the Participating Lender's prequalification of the Program Loan. Participating Lenders are required to enter into Program Loan Purchase Agreements under which each agrees that only Program Loans meeting the qualifications described in the Procedural Guide will be sold to the Housing Development Fund.

Participating Lenders are expected to deliver Program Loans to be purchased under the Program to the Housing Development Fund at a price of 100% of their respective principal amounts plus accrued interest. The Participating Lenders are expected to receive an origination fee not exceeding 150 basis points of the principal amount of the Program Loan to be purchased or a minimum of \$1,500. Such fee may come from funds paid by the Eligible Borrower or the seller but in most cases will be paid from funds provided by the Housing Development Fund. Additionally, the Housing Development Fund will pay the Participating Lender a servicing release fee as discussed below.

Upon submission of a loan for purchase, the Participating Lender must warrant, among other things, that (a) the Program Loan is in conformity with the terms of the Code and has been made to an Eligible Borrower; (b) all required hazard, title and mortgage insurance has been obtained; (c) the Participating Lender has not advanced funds or solicited any such advance for the required payments under any Program Loan; (d) information supplied by the Participating Lender has been accurately stated and the Participating Lender knows of no material misstatement or omission in such information or in the documentation supplied by the Eligible Borrower; (e) the lien securing the Program Loan has been properly perfected by recordation and has not been impermissibly satisfied, subordinated or impaired; (f) the Program Loan is not subject to any assignment or pledge; (g) the Participating Lender has good title to the Program Loan the lien of which is subject only to permitted encumbrances which do not materially affect the security for the Program Loan, and (h) the Participating Lender has full right and authority to carry out the sale and delivery of it to the Housing Development Fund.

The Housing Development Fund has implemented various procedures to monitor the performance of Participating Lenders. Single family loans are reviewed for conformity with the standards set out in the Procedural Guide. The staff of the Housing Development Fund may also review property appraisals or make an on-site inspection of the property.

The Housing Development Fund has implemented a quality control system (the "System") to assure that Program Loans purchased are of a general quality acceptable to institutional and secondary market investors. The System operates independently from the Underwriting and Servicing Departments and has no management authority or responsibility for any of the activities it examines. The System reviews a sample of the loans purchased for compliance with the Code, Fannie Mae, Ginnie Mae, Freddie Mac, insurer and guarantor requirements. Certain loan files are examined to determine that credit documents have been processed, loans are underwritten and closed in accordance with the Housing Development Fund's policies and procedures, and investor, insurer or guarantor and regulatory requirements. Review appraisals may be obtained on a percentage of the loans reviewed to monitor the accuracy and quality of the information supplied and additional credit reports may be obtained to monitor the accuracy of the reports relied upon for lending decisions.

If the Housing Development Fund discovers any substantial error or defect which could invalidate or jeopardize the lien securing the Program Loan or any other major violation of mortgage eligibility requirements, the Participating Lender must cure such error or defect. If the error or defect is not cured, the Program Loan may be subject to repurchase by the Participating Lender. In addition, the Housing Development Fund may sell, assign or otherwise dispose of a Program Loan.

**Servicing.** The Housing Development Fund will service all Program Loans financed or acquired with the proceeds of the NIBP Bonds. The Housing Development Fund currently services all loans originated and owned by the Housing Development Fund. The Housing Development Fund currently allows a servicing fee of 1/4 to 3/8 of 1% per annum computed monthly on the basis of the outstanding aggregate principal amount of Program Loans serviced. The Housing Development Fund pays a servicing release fee to all Participating Lenders originating Program Loans and services those Program Loans directly and collects the servicing fee mentioned above.

**Requirements of the Code.** With respect to single family tax-exempt bond issues, the Code contains specific requirements related to mortgage loans and eligible mortgagors, as well as investment and other limitations as described below.

The Code provides that an issue of bonds for single family loans will be treated as meeting the mortgage eligibility requirements only if (a) at least 95% of the lendable proceeds of such bonds is applied to the financing of mortgages which meet such requirements, (b) with respect to any defective mortgages, the Housing Development Fund must in good faith have attempted to satisfy all of the Code requirements before the mortgage loans were executed, and (c) the Housing Development Fund must correct such defects within a reasonable period after it discovers such defects.

These requirements currently limit the use of bond proceeds to the financing of single family, one to four unit, residences which premises the borrower intends to use as a principal residence, and the borrower (a) with limited exceptions, has not had a prior homeownership interest within the last three years, (b) is not refinancing an existing mortgage, and (c) meets certain income limits depending on the location of the residence. The requirements also limit assumptions of the loan to Eligible Borrowers and limit the acquisition price of the residence based on location. (See "Program Loan Requirements" above.)

The Code requires a payment to the United States from certain mortgagors upon sale of their homes. This requirement provides that an assumed subsidy amount (but not in excess of 50% of any gain on the sale of the house) be recaptured on disposition of the house. The recapture amount increases over the period of ownership, with full recapture occurring if the house is sold at the end of the fifth year. The recapture amount declines ratably to zero with respect to sales occurring between five and nine full years after the closing of the Program Loan. An exception excludes from recapture part or all of the subsidy in the case of certain mortgagors whose incomes are less than prescribed amounts at the time of the disposition.

The Code requires that lendable proceeds of an issue of bonds not used to originate mortgage loans within 42 months from the date of issuance of such bonds be used to redeem bonds of such issue. Additionally, the Code restricts the use of mortgage loan repayments (including prepayments) to make additional mortgage loans. Retirement must occur not later than the close of the first semiannual period after the date the repayment is received, subject to a \$250,000 de minimis exception.

Under procedures established by the Housing Development Fund to comply with the Code, Participating Lenders will be responsible for reviewing each mortgage loan application and the accompanying documentation including, but not limited to, the Application Affidavit, the Seller Affidavit, and the borrower's past three years of federal income tax returns. Normal and appropriate measures may be undertaken to verify the information given, either independently or concurrently with credit reviews when applicable.

Prior to purchasing a Program Loan, the Housing Development Fund conducts a review of the relevant documents for compliance with the requirements of the Code. To the extent these requirements are not complied with, the Participating Lender is contacted to provide sufficient additional explanation or documentation to enable the Housing Development Fund to make a determination regarding the status of the loan application.

Generally, the Code requires that the effective interest rate on the mortgage loans financed with proceeds of an issue of bonds may not exceed the yield on such issue by more than 1.125%.

The Code also requires the Housing Development Fund to pay to the United States Treasury certain investment earnings on non-mortgage investments to the extent such earnings exceed the amount that would have been earned on such investments if the investments were earning a return equal to the yield on the related bonds. The Housing Development Fund has established accounting procedures to determine the amount of such excess investment earnings.

## **PROGRAMS OF THE HOUSING DEVELOPMENT FUND**

As a public body with statewide responsibility for a range of housing needs, the Housing Development Fund has implemented a number of other programs to provide technical, consultative and financial assistance for the provision of sanitary, decent and safe residential housing for persons of low and moderate income. These activities, which will not involve the use of any of the proceeds of the NIBP Bonds, are described below.

### **The Housing Finance Resolution**

The Housing Finance Resolution was adopted by the Housing Development Fund on April 29, 1976. The Housing Development Fund has issued and intends to issue in the future pursuant to such resolution Housing Finance Bonds to provide funds to finance single family and multifamily mortgage loans made within the State. As of the date hereof \$584,755,000 of bonds are outstanding under the Housing Finance Resolution. Such bonds are general obligations of the Housing Development Fund, but are separately secured from the Bonds. Amounts held under the Housing Finance Resolution are not pledged to and should not be considered a source of repayment for the NIBP Bonds.

### **Other Bond Programs**

The Housing Development Fund has issued three series of limited, special obligation bonds, currently outstanding in the amount of \$10,135,000. These special obligation bonds are secured by loan repayments and deeds of trust on three projects. None of the Housing Development Fund's other assets or revenues including the Mortgage Finance Bond Insurance Fund and amounts held in any Fund or Account established pursuant to the General Resolution are pledged to the payment of these special obligations. Furthermore, these special obligations are not secured by the Housing Development Fund's general obligation debt pledge or its moral obligation.

### **Land Development Program**

With an initial appropriation by the State Legislature of \$2,000,000 in 1973, the Housing Development Fund established the Land Development Fund from which below-market interest rate loans are made to qualified builders and developers for the purpose of acquiring and making improvements to land for residential housing and nonresidential construction. The Housing Development Fund has transferred an additional \$4,930,000 to the Land Development Fund from the General Fund, Bond Insurance Fund and Housing Finance Resolution.

The Housing Development Fund owns various land parcels and developments that have been directly developed by the Housing Development Fund or foreclosed on due to market conditions. This includes land developed for emergency and permanent housing for victims of the July 2001 and May 2002 floods. The Housing Development Fund markets these properties to individuals or builders at current market prices. All assets of the Land Development Program are restricted in accordance with the Act.

### **Other Housing Programs**

Other housing programs consist of a variety of single and multifamily programs funded by the Housing Development Fund's general reserves and earnings. These programs are designed to provide a full range of housing assistance to the citizens of the State and to meet the Housing Development Fund mission of providing safe, decent and affordable housing. In certain instances, repayment from borrowers is not required. In these instances the Housing Development Fund has established loss provisions. The net assets of these programs are generally unrestricted and are available, as needed, to satisfy the general obligations of the Housing Development Fund, including the Bonds.

Other loan programs include a Secondary Market Program designed to provide liquidity to small lenders by providing a market for loans which would otherwise be held in their portfolios. Mortgage loans purchased in the Secondary Market Program are sold to FNMA, GNMA or FHLMC. This program is intended to encourage the making of loans on more favorable terms than are available from small State lenders.

The Leveraged Loan Program provides permanent financing for multifamily rental projects, which may receive part of their financing from equity raised through the syndication of Low-Income Housing Tax Credits and other permanent lenders. Many of these loans are guaranteed under the USDA Section 538 Guaranteed Rural Rental Housing Program.

The Homeownership Assistance Program assists borrowers in the Housing Development Fund's single family bond and Secondary Market programs with down payment and closing costs associated with the purchase of a home. Under the Homeownership Assistance Program, a borrower can get an additional loan of up to \$15,000 to cover these costs.

The Mini-Mod Rehabilitation Program allows owners of rental properties to borrow up to \$25,000 per unit to rehabilitate existing rental units. The amount of the loan depends upon the Housing Development Fund's lien position and whether the project receives any federal rental assistance.

HELP provides funds for emergency repairs to owner-occupied structures to address conditions posing a threat to the health and safety of the occupants or the structural integrity of the home. The guiding principle of HELP is to fund basic improvements that result in safe, warm and dry family environments. Loan amounts range from \$1,000 to \$10,000 to cover such items as new heating systems, plumbing, or wiring, or roof repairs. Currently, this program is inactive.

The Demolition Program provides loans to assist cities and counties throughout the State in the acquisition and demolition of blighted properties which constitute health and safety hazards. Communities participating in the program acquire the abandoned properties through a variety of methods, demolish the dilapidated structures, return the properties to private ownership, and then repay the Housing Development Fund.

The Low Income Assisted Mortgage Program (LAMP) was established to help non-profit housing groups increase their production of owner-occupied housing for very low-income families. LAMP provides a secondary market where non-profit groups can sell their existing single family loans to participating lenders or the Housing Development Fund. The proceeds of those loan sales can then be used to construct additional housing units. In 1993, LAMP was one of ten recipients of a \$100,000 grant from the Ford Foundation as a winner of its Innovations in State and Local Government awards administered by the John F. Kennedy School of Government at Harvard University.

The West Virginia Homeless Shelters/Special Needs Program was established to help improve the quality and quantity of emergency shelters, transitional and permanent housing for the State's homeless population. Funding for the program is provided by federal and local sources as well as contributions from the Housing Development Fund general reserves. Additionally, the Housing Development Fund uses this program to provide technical assistance to local communities and non-profit organizations to enhance their abilities to provide housing to their communities.

### **Flood Assistance Programs**

From time to time, the Housing Development is called upon to provide housing assistance to flood victims. Assistance is provided from various sources including Federal Programs, Bond Programs, the General Fund, Other Loan Programs and the Land Development Program to provide permanent and emergency housing in flood areas. The Housing Development Fund maintains a Flood Program account funded from general reserves and will likely be involved in any future flood recovery efforts.

### **On-Site Systems Loan Program**

The On-Site Systems Loan Program (OSLP) was created in September 2007 in partnership with the West Virginia Department of Environmental Protection (the "DEP"). Under this program the Housing Development Fund may borrow up to \$1,000,000 from the DEP Clean Water Revolving Loan Fund. These funds will then be loaned to State residents to upgrade, replace or repair inadequate septic systems. The Housing Development Fund is obligated to repay the amount borrowed from the DEP only to the extent the Housing Development Fund receives payments from loan recipients.

### **The HOME Investment Partnership Program**

In March 1991, the Housing Development Fund began operating HUD's HOME Investment Partnership Program (the "HOME Program"). The Housing Development Fund receives approximately \$8 million of HOME Program funds per year in addition to approximately \$2 million in repayment funds to be used for the development and financing of housing for persons at or below 80% of the State's median income. A minimum of fifteen percent of HOME Program funds are spent for projects developed by approved Community Housing Development Organizations and ten percent is used to offset the administrative costs incurred by the Housing Development Fund. The Housing Development Fund spends most of the remaining funds for the purchase of single family mortgage loans made to low-income families originated by non-profit organizations. This program is restricted by federal regulations.

### **Low-Income Housing Tax Credit Program**

The Low-Income Housing Tax Credit Program facilitates the development of quality rental housing in the State by offering a conduit through which owners, builders and organizations may qualify for a federal income tax credit. The Housing Development Fund, as the State's authorized issuer of Low-Income Housing Tax Credits, can allocate up to the State's applicable annual housing credit ceiling in housing credit dollars.

In 2009, the American Recovery and Reinvestment Act appropriated funds for the Tax Credit Assistance Program (TCAP) and the Tax Credit Exchange Program (TCEP). Both of these programs are temporary and will expire in fiscal year 2012. The TCAP is a grant program to provide funds for capital investments in Low-Income Tax Credit Program properties. The TCEP is a federal grant from the Treasury that allows the exchange of certain tax credits for cash assistance. The Housing Development Fund is administering these programs.

### **Mortgage Credit Certificates**

The Housing Development Fund is authorized to act as the State's issuer of Mortgage Credit Certificates. This program permits qualified homebuyers to receive a federal tax credit for a portion of the interest paid on the homebuyer's mortgage loan.

### **Mortgage Loan Refinance Program**

Whenever loans repay, the Housing Development Fund loses the corresponding mortgage loan servicing revenue. In order to reduce the effect of prepayments on this revenue, the Housing Development Fund has developed a refinancing program for those customers who want to reduce their borrowing costs. This allows the Housing Development Fund to continue to earn servicing income on the loan. Generally these loans are funded from general reserves and are then sold in the secondary market.

## **TAX MATTERS**

### **Opinion of Bond Counsel**

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Housing Development Fund, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2009 Subseries A-1 Bonds, the 2011 A Bonds and the 2011 B Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), (ii) interest on the 2009 Subseries A-1 Bonds and the 2011 B Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in the adjusted current earnings of corporations for purposes of calculating the alternative minimum tax and (iii) interest on the 2011 A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Housing Development Fund and others in connection with the NIBP Bonds. Bond Counsel has assumed continuing compliance by the Housing Development Fund with covenants to comply with applicable requirements of the Code so as to assure the exclusion of interest on the NIBP Bonds from gross income under Section 103 of the Code.

Bond Counsel expresses no opinion regarding any other federal or state tax consequences with respect to the NIBP Bonds. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update its opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Bond Counsel expresses no opinion on the effect of any action taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the NIBP Bonds.

### **Certain Ongoing Federal Tax Requirements and Covenants**

The Code establishes certain significant ongoing requirements that must be met subsequent to the issuance and delivery of the NIBP Bonds in order that interest on the NIBP Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the NIBP Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the NIBP Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Housing Development Fund has covenanted to comply with applicable requirements of the Code to assure the exclusion of interest on the NIBP Bonds from gross income under Section 103 of the Code.

### **Certain Collateral Federal Tax Consequences**

The following is a brief discussion of certain collateral federal income tax matters with respect to the NIBP Bonds. It does not purport to deal with all aspects of federal taxation that may be relevant to a particular owner of a NIBP Bonds. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the NIBP Bonds.

Ownership of NIBP Bonds may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is not included in gross income for federal income tax purposes. Interest on the NIBP Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

## **Information Reporting and Backup Withholding**

Information reporting requirements apply to interest paid on tax-exempt obligations, including the NIBP Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a NIBP Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the NIBP Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

## **West Virginia Taxes**

Under the Act, the NIBP Bonds and the income therefrom shall at all times be exempt from taxation by the State, or any county, municipality or other governmental subdivision of the State, except for death and gift taxes, taxes on transfers, sales taxes, real property taxes and business and occupation taxes.

The State also imposes a corporation net income and a business franchise tax on corporations and partnerships doing business and owning property in the State. The corporation income and business franchise tax statutes contain a formulary adjustment decreasing the amount of income and capital subject to these taxes for corporations or partnerships owning bonds such as the NIBP Bonds.

## **Proposed Legislation and Other Matters**

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the NIBP Bonds under Federal or state law or otherwise prevent beneficial owners of the NIBP Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the NIBP Bonds. For example, on September 12, 2011, President Obama sent to Congress draft legislation entitled the "American Jobs Act of 2011" (the "Proposed Act"). On September 13, 2011, Senate Majority Leader Reid introduced the Proposed Act in the Senate (S.1549). The Proposed Act included a provision that, if enacted as proposed, would have limited the amount of exclusions (including tax-exempt interest, such as interest on the NIBP Bonds) and deductions certain high income taxpayers could use to reduce their income tax liability for taxable years after 2012. On October 11, 2011, a procedural vote in the Senate to end debate and thus allow a vote on the Proposed Act, as amended, did not pass. This or other legislative proposals may be considered or introduced that could affect the market price or marketability of tax-exempt bonds, such as the NIBP Bonds.

Prospective purchasers of the NIBP Bonds should consult their own tax advisors regarding the foregoing matters.

## **UNDERTAKING TO PROVIDE ONGOING DISCLOSURE**

Prior to the issuance of the 2011 A and B Bonds, the Housing Development Fund will enter into a Continuing Disclosure Agreement with the Trustee pursuant to which the Housing Development Fund will agree to provide ongoing disclosure pursuant to the requirements of Section (b)(5)(i) of the Securities and Exchange Commission Rule 15c2-12 (the "Rule"). Financial statements and other operating data will be provided at least annually to certain information repositories and notices of certain events will be issued pursuant to the requirements of Section (b)(5)(i) of the Rule. **APPENDIX G** contains the form of the Continuing Disclosure Agreement.

A failure by the Housing Development Fund to comply with this undertaking will not constitute an Event of Default under the Resolution. Nevertheless, such a failure must be reported in accordance with the Rule and must be considered by any broker or dealer before recommending the purchase or sale of the 2011 A and B Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the 2011 A and B Bonds and their market price and the ability of the Housing Development Fund to issue and sell bonds in the future.

During the past five years, the Housing Development Fund has not failed to comply in any material respect with any Continuing Disclosure Agreements it has entered into with respect to the Rule.

## **LITIGATION**

Other than as discussed below, there is no controversy or litigation of any nature now pending or threatened restraining or enjoining the issuance, sale, execution or delivery of the NIBP Bonds, or in any way contesting or affecting the validity of the NIBP Bonds or any proceedings of the Housing Development Fund taken with respect to moneys or security provided for the payment of the NIBP Bonds, or the existence or powers of the Housing Development Fund insofar as they relate to the authorization, sale and issuance of the NIBP Bonds or such pledge or the application of moneys and security.

The Housing Development Fund has noted recent publicity regarding a developer who has done business with the Housing Development Fund, Mr. Douglas E. Pauley. Upon information and belief, Mr. Pauley is under investigation by the U.S. Attorney's Office for the Southern District of West Virginia (the "U.S. Attorney"). The Housing Development Fund is cooperating in the investigation. The Housing Development Fund has been advised that it is not a target of the investigation and, upon information and belief, Mr. Pauley has been informed by the U.S. Attorney that criminal charges will not be pursued against Mr. Pauley or his businesses as long as Mr. Pauley continues to cooperate with the investigation. Companies in which Mr. Pauley has an ownership interest are the borrowers on 25 multi-family mortgage loans made by the Housing Development Fund (the "Loans") currently outstanding in the approximate principal amount of \$25,300,000. Approximately \$22,400,000 of the outstanding amount of such Loans has a 90% guarantee from the USDA Section 538 Guaranteed Rural Rental Housing Program (the "Guaranteed Loans"). Six of the Guaranteed Loans, totaling approximately \$6,800,000, are held as investments under the Housing Development Fund's Bond Insurance Fund, which is pledged to secure several mortgage bond programs of the Housing Development Fund, including the Bonds. Mr. Pauley also has an ownership interest in a multi-family project located in Mason County currently under construction and financed under the federal Tax Credit Exchange Program administered by the Housing Development Fund. Upon information and belief, this development in Mason County may be a subject of the investigation by the U.S. Attorney. The land for such development was purchased by Mr. Pauley from Mr. John Perdue, West Virginia State Treasurer and Treasurer of the Board of Directors of the Housing Development Fund. The Housing Development Fund does not anticipate that the investigation of Mr. Pauley will have a material impact on the operations of the Housing Development Fund.

## **APPROVAL OF LEGALITY**

In connection with the issuance of the NIBP Bonds, legal matters incident to the authorization, issuance, sale and delivery of the NIBP Bonds are subject to approval of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Housing Development Fund. The proposed forms of opinions of Bond Counsel are included in **APPENDIX D**. Certain legal matters will be passed on for the Housing Development Fund by its General Counsel, Jackson Kelly PLLC, Charleston, West Virginia. Certain legal matters with respect to the 2011 A and B Bonds will be passed upon for the Underwriters by their counsel, Kutak Rock LLP, Atlanta, Georgia.

## **APPENDIX B**

### **SUMMARY OF CERTAIN FEDERAL HOUSING SUBSIDY AND MORTGAGE INSURANCE PROGRAMS AND EXPERIENCE WITH LOAN DEFAULTS**

#### **INTRODUCTION**

The United States Department of Housing and Urban Development ("HUD"), created by the Housing and Urban Development Act of 1965, is responsible for the administration of various federal programs authorized under the National Housing Act of 1934, as amended, and the United States Housing Act of 1937, as amended. The United States Department of Veterans Affairs, formerly Veterans Administration ("VA") administers the mortgage guaranty program authorized under the Servicemen's Readjustment Act of 1944, as amended. The Rural Housing Loan Program (the "Loan Guaranty Program") is administered by the United States Rural Housing Service ("RHS") (formally the Farmers Home Administration) under Sections 1980.301 et. seq. of the Code of Federal Regulations. These programs may be financed by annual appropriations from Congress, as well as by mortgage insurance premiums and fees; subsidies and insurance payments are in some cases made from trust funds established under the various programs.

Following is a summary of these programs as they affect mortgages that the Housing Development Fund intends to finance under the New Issue Bond Program. This summary is intended only as a brief description and does not purport to summarize or describe all of the provisions of such programs and insurance. Reference is made to applicable statutes, regulations and agreements for more detailed information regarding FHA and VA program(s), Rural Housing and this summary is qualified in its entirety by reference to such statutes, regulations and agreements.

#### **FHA INSURANCE PROGRAMS**

The National Housing Act of 1934, as amended, authorizes various Federal Housing Administration ("FHA") mortgage insurance programs. Insurance benefits are payable only upon foreclosure (or other acquisition or possession) and conveyance of the mortgaged premises to HUD.

With respect to the conveyance of defaulted home mortgage loans to HUD, the insured must first pursue a full range of loss mitigation efforts. Loss mitigation efforts include temporary or special forbearance, loan modification, partial claim, pre-foreclosure sale or a deed in lieu of foreclosure to cure the delinquency within a reasonable time or to return a borrower to regular, full mortgage payments. The loss mitigation strategy must be pursued consistent with the borrower's circumstances, before the mortgagee makes the determination to initiate foreclosure proceedings.

Under some of the FHA insurance programs, HUD pays insurance claims in cash unless the mortgage lender specifically requests payment in debentures issued by HUD. Under others, HUD has the option at its discretion to pay insurance claims in cash or in such debentures. The current HUD policy, subject to change at any time, is to make insurance payments on mortgages covering less than five dwelling units in cash with respect to all programs covering such units as to which it has discretion to determine the form of insurance payments. HUD debentures issued in satisfaction of FHA insurance claims bear interest at the HUD debenture interest rate in effect under HUD regulations on the date of the mortgage insurance commitment or of the initial insurance endorsement of the mortgage, whichever rate is higher.

When entitlement to insurance benefits results from foreclosure (or other acquisition of possession) and conveyance, the insurance payment is computed as of the date of default by the mortgagor, as defined in HUD regulations, and the mortgage holder generally is compensated for the unpaid principal balance plus six months of interest after the date of default. The regulations under all insurance programs described above provide that the insurance payment itself shall bear interest from the date of default to the date of payment of the claim at the same interest rate as the applicable HUD debenture interest rate determined in the manner set forth above.

When any property conveyed to HUD or subject to a mortgage to be assigned to HUD has been damaged by fire, earthquake, flood or tornado, it generally is required, as a condition to payment of an insurance claim, that such property be repaired by the mortgage lender prior to such conveyance or assignment.

**VETERANS ADMINISTRATION GUARANTY PROGRAM\***

*\*The VA has become the "Department of Veterans Affairs".*

The Servicemen's Readjustment Act of 1944, as amended, permits a veteran (or in certain instances, a spouse) to obtain a mortgage loan guaranty by the VA covering mortgage financing of the purchase of a one-to-four family dwelling at interest rates permitted by VA. The program has no mortgage loan limits, requires no downpayment from the purchaser and permits the guaranty of mortgage loans of up to thirty years and thirty-two days duration.

For loans of \$45,000 or less, the guaranty will be 50-percent of the loan amount. For loans of more than \$45,000, but not more than \$56,250, \$22,500 of the loan is guaranteed, and for loans of more than \$56,250 and less than \$144,000, the guaranty will be the lesser of 40 percent of the loan amount or \$36,000, with a minimum guaranty of \$22,500. For loans greater than \$144,000, the guarantee amount is the lesser of 25% of the loan or \$60,000. For manufactured homes the guaranty will be the lesser of 40% of the loan amount or \$20,000. In addition, a manufactured home loan is limited to 95% of the purchase price, requiring a minimum down payment of 5 percent. The liability on the guaranty is reduced or increased pro rata with any reduction or increase in the amount of the indebtedness, but in no event will the amount payable on the guaranty exceed the amount of the original guaranty. Notwithstanding the dollar and percentage limitations of the guaranty, a mortgage lender will ordinarily suffer a monetary loss only when the difference between the unsatisfied indebtedness and the proceeds of a foreclosure sale of a mortgaged premise is greater than the original guaranty as adjusted. The VA may, at its option, and without regard to the guaranty, make full payment to a mortgage lender of unsatisfied indebtedness on a mortgage upon its assignment to VA.

**PRIVATE MORTGAGE INSURANCE**

The Housing Development Fund requires private mortgage insurance coverage for all Program Loans if the principal amount of the Program Loan exceeds eighty percent (80%) of the lesser of the purchase price or appraised value and the Program Loan is not guaranteed by VA or USDA/RD or insured by FHA.

The Housing Development Fund will allow privately insured Program Loans underwritten using nationally accepted underwriting guidelines established by Fannie Mae under the Fannie Mae "My Community Mortgage" program or by Freddie Mac under the Freddie Mac "Home Possible" program. These loans must be approved through an automated underwriting system such as Desktop Underwriter or Loan Prospector with expanded approvals generally not acceptable. Such privately insured mortgage loans may have loan-to-value ratios no greater than 100% of the lesser of the purchase price or the appraised value.

Effective June 19, 2006 the Housing Development Fund's minimum requirement for private mortgage insurance coverage are as follows:

<b>Loan-to-Value Ratio</b>	<b>PMI Coverage</b>
97% to 100%	20% *
95% to <=97%	18%
90% to <=95%	16%
85% to <=90%	12%
80% to <= 85%	6%

\*No longer offered as this coverage is not available from private mortgage insurers.

Prior to a decision to foreclose on a loan in default, the Housing Development Fund must pursue loss mitigation strategies. The strategies include forbearance, loan modification, pre-sale of the mortgaged property, or a deed-in-lieu of foreclosure. Once all loss mitigation strategies have been exhausted, the Housing Development Fund may proceed with a foreclosure sale.

The amount of loss payable generally consists of the following: a percentage of the unpaid principal balance plus a portion of the accrued interest; usual and customary attorneys' fees; real estate taxes; hazard and private mortgage insurance premiums necessarily advanced by the insured; expenses incurred in preservation and maintenance of the property; and other costs and expenses incurred to acquire title to the property.

The majority of privately insured mortgage loans are held for sale by the Real Estate Owned department of the Housing Development Fund. On the rare occasion when a property to be conveyed directly to a private mortgage insurer or subject to a mortgage to be assigned to such insurer has been damaged by any cause, whether by accidental means or otherwise, it generally is required, as a condition to payment of an insurance claim, that such property be restored to its condition at the time such insurance was issued, excepting reasonable wear and tear, prior to such conveyance or assignment.

### **RURAL HOUSING LOAN GUARANTY PROGRAM**

The Rural Housing Loan Program (the "Loan Guaranty Program") is administered by the United States Rural Housing Service ("RHS") (formally the Farmers Home Administration) under Title 7, Sections 1980.301 et. seq. of the Code of Federal Regulations. The objective of the Loan Guaranty Program is to assist eligible households in obtaining modest, decent, safe, and sanitary dwellings for their own use in rural areas by guarantying loans, which would not be made without a guaranty.

Guaranties are limited to loans to applicants with incomes that do not exceed median income limits specified and published by RHS. Applicants may not be denied assistance based on receipt of income from public assistance. The amount of the loan may not exceed the maximum dollar limitation for loans insured by HUD under Section 203 (b) (2) of the National Housing Act. The loan may include amounts for legal, title and closing costs, points and amounts to establish initial escrows for taxes and insurance. The property (including certain eligible leaseholds) must be located in rural areas as established from time to time by the State Director of RHS.

To be eligible for the guaranty, the loan must be a fixed interest rate loan amortizing over a period of thirty years. Certain loans qualify for interest assistance through RHS.

The terms of the Lender Agreement between RHS and the Housing Development Fund obligate the Housing Development Fund to notify RHS whenever a borrower is a full 60 days past due on a payment or is otherwise in default and to update RHS with respect to such loans each thirty days until the default is resolved.

The Housing Development Fund is also required to schedule a conference with the borrower before the loan becomes ninety days past due and to recommend, for approval by RHS: a) deferral, b) reamortization or c) liquidation, of the loan. If the Housing Development Fund concludes that liquidation is required, it must submit a disposition plan to RHS which documents the servicing options that have been explored, and determined unworkable.

If the plan of liquidation involves a foreclosure, the Housing Development Fund must obtain a fair market value appraisal and bid in an amount, at foreclosure, that is at least 85% of the appraised value. After liquidation, the Housing Development Fund must market the property for a period of six months before filing a claim with RHS for insurance benefits. The maximum guarantee for the permanent loan will be 90 percent of unpaid principal and accrued interest for 90 days from the date the decision is made to liquidate the loan. The maximum loss payment to a lender or holder is 100% of any loss sustained by the holder on the guaranteed portion.

The guaranty is an obligation supported by the full faith and credit of the United States. The amount of the guaranty loss payment may not exceed unpaid principal and interest to the date of final settlement. Interest on interest is not permitted.

The foregoing description of certain programs is only a brief outline and does not purport to summarize or describe all of the provisions of these programs. For a more complete description of the terms of these programs, reference is made to the provisions of the contracts embodied in the regulations of the FHA, the VA, RHS and USDA respectively.

### **MORTGAGOR BANKRUPTCY**

Mortgagors may seek protection under the United States Bankruptcy Code, which provides a debtor with an opportunity to adjust his debts without losing control of his assets. Under a plan confirmed under Chapter 13 of the Bankruptcy Code, the debtor's unsecured and secured debts may be modified, except that debts secured by a mortgage on real property used as the debtor's principal residence may not be modified, except to cure defaults or reinstate maturity. Absent court ordered relief (which is only available under limited circumstances) the automatic stay under Section 362 of the Bankruptcy Code will apply in any case commenced under the Bankruptcy Code, and the mortgagee will be stayed from any action to satisfy its claim, including foreclosure on the real property. To date, the Housing Development Fund has not experienced any significant loss of principal as a result of the implementation of plans confirmed under Chapter 13 of the Bankruptcy Code, and it does not believe that any such implementations will have a materially adverse effect on its future single family loan programs.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
West Virginia Housing Development Fund  
Charleston, West Virginia

We have audited the accompanying statement of net assets of the West Virginia Housing Development Fund (the Fund), a component unit of the State of West Virginia, as of June 30, 2011 and 2010, and the related statements of revenues, expenses, and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the West Virginia Housing Development Fund as of June 30, 2011 and 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 12 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**WEST VIRGINIA HOUSING DEVELOPMENT FUND  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

**INTRODUCTION**

As a public body with statewide responsibility for housing, the West Virginia Housing Development Fund (the Fund) operates a wide variety of programs to provide safe and affordable housing for residents and families in the State of West Virginia (the State). Through June 30, 2011, the Fund has provided assistance for more than 110,000 housing or housing-related units.

The permanent staff of the Fund consists of 108 persons, including professional staff members qualified in the fields of accounting, appraisal, finance, law, mortgage underwriting, mortgage loan servicing, secondary mortgage markets, planning, architecture, cost estimation, construction, inspection, housing management, and marketing. The Fund provides services in these fields for its programs as required and utilizes professional consulting services from time to time to supplement its own staff.

The Fund has 22 bond issues totaling \$698,300,000 par amount outstanding under its bond resolutions. The bonds are rated "AAA" by Standard & Poor's Public Ratings Services (S&P), a Division of McGraw-Hill Companies, and "Aaa" by Moody's Investors Service, Inc. (Moody's).

Fitch, Inc. rates the Fund's unsecured, short-term general obligation debt pledge "F-1+". The Fund's unsecured long-term general obligation debt pledge is rated "Aaa" by Moody's and "AAA" by S&P. The Fund is the first and only housing finance agency ever to receive such ratings on its long-term general obligation debt pledge. These ratings are not assigned to any particular issue of debt, but rather represent an overall credit assessment of the Fund's long-term general obligation pledge.<sup>1</sup>

The financial transactions of the Fund are recorded in relation to its various programs, which are more fully explained in the Notes to the Financial Statements. These programs consist of the General Account, Bond Programs, Other Loan Programs, Land Development Program, Bond Insurance Account, and Federal Programs. These were established in accordance with the West Virginia Housing Development Fund Act (the Act), the bond resolutions or at management's discretion. Restricted net assets of the Fund include the net assets of the Bond Programs, Land Development Program, Bond Insurance Account, and Federal Programs, which are restricted by the bond resolutions, the Act, or federal regulations.

As management of the Fund, we offer readers of the Fund's financial statements this narrative overview and analysis of the Statements of Net Assets and the Statements of Revenues, Expenses, and Changes in Net Assets as of and for the fiscal years ended June 30, 2011, 2010 and 2009.

## USING THIS REPORT

This report consists of a series of financial statements: the Statements of Net Assets, the Statements of Revenues, Expenses, and Changes in Net Assets, and the Statements of Cash Flows. These statements provide information about the activities of the Fund for each period presented.

The financial statements of the Fund are prepared in conformity with accounting principles generally accepted in the United States for state housing finance enterprise funds. The Statements of Net Assets represent the difference between the assets and liabilities of the Fund and include all assets and liabilities using the basis of accounting described above. Over time, increases or decreases in the Fund's net assets are one indicator of whether its financial status is improving, stable, or deteriorating. There are also other factors that should be considered when reviewing the operational results of the Fund, such as changes in the interest rate environment, bond market, changes to state and federal laws governing the Fund's programs, changes to the tax code, and the real estate market in the State. The Statements of Revenues, Expenses, and Changes in Net Assets of the Fund reflect revenues, such as interest on loans, loan-servicing fees, interest on investments, expenses, such as loan fees, program expenses, administrative expenses, and interest on outstanding debt. Below is additional discussion of the significant financial statement items and the changes in those items over the prior two years due to recent events and activities of the Fund, current economic factors, and other factors affecting the Fund's financial and programmatic operations.

### **Current assets**

The decrease of \$8,841,000 (4.9%), in Current assets from 2010 to 2011 was primarily due to a decrease in cash for disbursements in fiscal year 2011 in the amount of \$5,472,000 for costs related to the construction of the Fund's new office building and \$1,375,000 for special needs disbursements and a decrease of \$1,247,000 in the balance of Mortgage Loans Held for Sale.

The increase of \$92,688,000 (106.7%), in Current assets from 2009 to 2010 was primarily due to the receipt of \$100,000,000 in New Issue Bond Program proceeds.

### **Mortgage loans & Restricted mortgage loans, net of allowance for losses**

The decrease of \$30,150,000 (3.5%) in Mortgage loans & Restricted mortgage loans, net of allowance for losses from 2010 to 2011 was primarily due to mortgage loan prepayments and repayments of \$84,208,000 and foreclosures of \$11,830,000 exceeding loan originations of \$66,678,000. Mortgage loan balances in the Bond Programs decreased approximately \$30,806,000 from 2010 to 2011.

The decrease of \$49,442,000 (5.5%) in Mortgage loans & Restricted mortgage loans, net of allowance for losses from 2009 to 2010 was primarily due to mortgage loan prepayments and repayments of \$87,188,000 and foreclosures of \$9,435,000 exceeding loan originations of \$48,245,000. Mortgage loan balances in the Bond Programs decreased approximately \$49,902,000 from 2009 to 2010.

### **Restricted Federal Program mortgage loans, net of allowance for losses**

This line item consists of the United States Department of Housing and Urban Development's (HUD) HOME Investment Program (HOME) mortgage loans. The fluctuations from year to year represent the net HOME program loans originated during the years presented.

### **Restricted cash and cash equivalents**

The decrease of \$9,843,000 (39.5%) in Restricted cash and cash equivalents from 2010 to 2011 was due to an decrease in the balance of funds available to purchase single family mortgage loans. The balance of bond proceeds available for the purchase of single family mortgages is primarily related to the timing of bonds issued for this purpose or recycled funds available for loan purchases.

The increase of \$5,028,000 (25.3%) in Restricted cash and cash equivalents from 2009 to 2010 was due to an increase in the balance of funds in the Bond Insurance Account.

### **Investments & Restricted investments**

The fluctuations in Investments and Restricted investments from year to year is the net effect of investment purchases, redemptions, maturities and amortization and the change in fair value of investments as required by Governmental Accounting Standards Board (GASB) Statement No. 31. This statement requires certain investments to be recorded at fair value and the unrealized gains or losses be reported in the Statements of Changes in Net Assets.

The following summary illustrates the changes in Investments & Restricted investments as of June 30:

(Dollars in thousands)	2011	2010	2009
Balance at beginning of fiscal year	\$ 121,306	\$ 122,289	\$ 107,774

Balance at end of fiscal year	<u>\$ 120,419</u>	<u>\$ 121,306</u>	<u>\$ 122,289</u>

**Other assets and Restricted other assets, net of allowance for losses**

The increase of \$7,569,000 (83.0%) in Other assets and Restricted other assets, net of allowance for losses from 2010 to 2011 was primarily due to an increase of \$5,472,000 in capitalized costs related to the construction of the new office building for the Fund's operations as well as an increase of \$2,079,000 in foreclosed properties.

The increase of \$1,076,000 (13.4%) in Other assets and Restricted other assets, net of allowance for losses from 2009 to 2010 was primarily due to the capitalization of costs related to the construction of the new office building for the Fund's operations as well as an increase of \$994,000 in foreclosed properties.

**Accounts payable and other liabilities**

The decrease of \$1,004,000 (5.1%) in Accounts payable and other liabilities from 2010 to 2011 was primarily due to a decrease in funds held for others for the State Neighborhood Stabilization Program in the amount of \$741,000 and a \$431,000 decrease in tax and insurance escrows held on behalf of the Fund's various mortgagors.

The increase of \$1,773,000 (10.0%) in Accounts payable and other liabilities from 2009 to 2010 was primarily due to the receipt of \$2,400,000 in funds held for others for the State Neighborhood Stabilization Program.

**Bonds and notes payable, current and noncurrent**

As illustrated in the following schedule, the changes in Bonds and notes payable were due to the early redemption of bonds, scheduled debt service payments, and new bonds and notes issued. The changes in the balance of bonds and notes payable and interest rates generally account for the fluctuations in Accrued interest payable in 2011 and 2010. See Note D – Bonds & Notes payable, current and noncurrent.

**Federal program advances**

The decrease of \$2,036,000 (3.6%) and decrease of \$2,476,000 (4.2%) in Federal program advances from 2010 to 2011 and from 2009 to 2010, respectively, was due to activity fluctuations in the outstanding balance of Federal Programs mortgage loans as a result of loans originated.

Total Net Assets improved by \$20,455,000 (5.2%) from June 30, 2009 to June 30, 2010. From June 30, 2010 to June 30, 2011, Total Net Assets improved another \$9,844,000 (2.4%) as the net financial position of the Fund increased to \$421,990,000 at June 30, 2011.

**Interest on loans**

The decrease in Interest on loans of \$3,560,000 (6.9%) from 2010 to 2011 was primarily due to a decrease in mortgage loan balances from the prior year as well as a decrease in the average mortgage loan rate.

The decrease in Interest on loans of \$4,389,000 (7.8%) from 2009 to 2010 was primarily due to a decrease in mortgage loan balances from the prior year.

**Pass through grant revenue and Pass through grant expense**

This line item represents federal funds received and disbursed to sub-recipients under Federal Programs. In 2009, the American Recovery and Reinvestment Act appropriated funds for the Tax Credit Assistance Program (TCAP) and the Tax Credit Exchange Program (TCEP). Both of these programs are temporary and will expire in fiscal year 2012. The TCAP is a grant program to provide funds for capital investments in Low-Income Housing Tax Credit Program properties. The TCEP is a federal grant from the Treasury that allows the exchange of certain tax credits for cash assistance.

The increase of \$17,186,000 (28.7%) from 2010 to 2011 was primarily due to TCAP and TCEP disbursements as well as an increase in the fees earned in the HAP program.

The increase of \$6,604,000 (12.4%) from 2009 to 2010 was due to fluctuations in the volume of activity in the HOME program.

### Fee revenue

The decrease of \$225,000 (2.9%) in Fee revenue from 2010 to 2011 was primarily due to a decrease of \$536,000 in Low-Income Housing Tax Credit fees, a decrease of \$24,000 in fees earned in the HAP program, an increase of \$265,000 related to multifamily prepayment penalties and an increase of \$76,000 in multifamily financing fees.

The decrease of \$405,000 (5.0%) in Fee revenue from 2009 to 2010 was primarily due to a decrease of \$335,000 in fees earned on the sale of loans to the Secondary Market, a decrease of \$410,000 in multifamily prepayment penalties and an increase of \$330,000 in service fees earned.

### Net investment earnings

Net investment earnings increased \$2,731,000 (33.0%) from 2009 to 2010 and decreased \$7,495,000 (68.1%) from 2010 to 2011 in the comparison of revenues and expenses above. However, Net investment earnings include unrealized gains and losses in the fair market value of investments for each of the fiscal years presented as required by GASB Statement No. 31. As shown in the schedule below, the Fund's investment earnings, adjusted for the unrealized gains or losses, decreased 8.9% from 2009 to 2010 and decreased an additional 26.9% from 2010 to 2011. These fluctuations are due to lower interest rates during fiscal year 2010 and fiscal year 2011.

(Dollars in thousands)	June 30,		
	<u>2011</u>	<u>2010</u>	<u>2009</u>

Interest earned on investments	<u>\$ 4,956</u>	<u>\$ 6,781</u>	<u>\$ 7,441</u>
% Decrease from prior year	(26.9%)	(8.9%)	

### Other revenues

The decrease of \$159,000 (10.9%) in Other revenues from 2010 to 2011 was primarily due to the reclassification of Neighborhood Stabilization Program administrative fees. These fees were recorded as Other revenues in fiscal year 2010 and recorded as Administrative expenses, net in fiscal year 2011.

The decrease of \$61,000 (4.0%) in Other revenues from 2009 to 2010 was primarily due to a \$171,000 decrease in gains on the sale of mortgage loans in the secondary market, a decrease of \$86,000 in rental income, a \$32,000 increase in gains on sale of foreclosed properties and a \$160,000 increase in revenues related to the receipt of Neighborhood Stabilization Program administrative fees.

### Interest and debt expense

The \$3,563,000 (10.8%) decrease in Interest and debt expense from 2010 to 2011 was primarily due to \$164,250,000 in bond redemptions and refundings during 2011.

The \$3,847,000 (10.5%) decrease in Interest and debt expense from 2009 to 2010 was primarily due to the redemption of higher coupon bonds during 2010.

### Loan fees expense

The \$187,000 (4.4%) increase in Loan fees expense from 2010 to 2011 was primarily due to an increase in loan origination fees paid to lenders due to an increase in Housing Finance loan purchases.

The \$1,266,000 (23.0%) decrease in Loan fees expense from 2009 to 2010 was primarily due to a decrease in loan origination fees paid to lenders due to a decrease in Housing Finance loan purchases.

**Program expenses, net**

The \$2,293,000 (46.3%) increase in *Program expenses, net* from 2010 to 2011 was primarily due to an increase of \$1,016,000 in losses on foreclosed properties, an increase of \$893,000 in cost of issuance expenses, an increase of \$766,000 for Special Needs disbursements and a \$347,000 decrease in provision for loan loss expenses.

The \$312,000 (6.7%) increase in *Program expenses, net* from 2009 to 2010 was primarily due to an increase in Low Income Housing Tax Credit monitoring fees.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

**Mortgage Lending**

The Fund’s Bond Programs are the core-housing programs and the primary source of income for the Fund. Various economic and regulatory factors such as prevailing economic conditions, mortgage interest rates, investment rates, the demand for housing, the cost of housing and of operating housing programs, the volume of mortgage lending activity in the State and other factors affecting the supply of housing in the State can create significant challenges for the Fund in both the Bond Programs and its overall operations.

During fiscal year 2009, mortgage interest rates dramatically decreased as a result of the sharp decline in the housing industry related to subprime lending and the U.S. government’s takeover of Fannie Mae and Freddie Mac. With this decline and low interest rates continuing into fiscal year 2011, the Fund’s mortgage rates were no longer competitive to the conventional loan market and the Bond Programs mortgage loan balances decreased \$49,902,000 in fiscal 2010 and an additional \$30,806,000 in fiscal 2011 as a result of mortgage loan repayments and prepayments exceeding loan originations. Mortgage loan balances and continued loan originations are key elements to future earnings potential.

The following chart illustrates the volume of loan prepayments and repayments compared to originations from fiscal year 2009 through fiscal year 2011 for the Bond Programs.

Interest rates on new single family bond loans originated in fiscal year 2011 have averaged approximately 3.839%. Due to lower interest rates on new single family loan originations and the prepayment of higher interest single family and multifamily loans, the average interest rate on loans outstanding has declined as follows.

June 30, 2009	5.83%
June 30, 2010	5.76%
June 30, 2011	5.67%

Despite significant increases in the amount of foreclosures and delinquency rates nationwide, the Fund’s foreclosures and delinquency rates for loans over two months delinquent have remained consistently lower than the State and National rates. Nationwide increases began in late 2006 and continue to remain high. The increases are a result of sub-prime lending, lower home values and a weakened economy. The Fund attributes the steadiness of its delinquency rates to sound underwriting practices and with the exception of a few counties within the State, no significant decline in home values. Also, the Fund’s Bond Programs, consists of 30-year fixed rate loans and no sub-prime loans.

**Investments**

The Fund invests cash not required for immediate disbursement as permitted by the Act, the bond resolutions, and the Board approved Investment Policy. Funds related to the Bond Programs capital reserves and the Bond Insurance Account are primarily invested in long-term United States government and agency securities, which are expected to be held to maturity. Certain funds in the Bond Insurance Account and general operating funds are invested in mortgage loans held solely for investment. The interest earnings on the above account types are less affected by the fluctuation in short-term interest rates. However, as these long-term securities mature or are called, they are invested at significantly lower rates.

Loan proceeds and revenues of the Bond Programs, Other Loan Program, and operating funds are primarily on deposit with a bank, invested in FDIC insured certificates of deposit or collateralized certificates of deposit. All bank deposits are either FDIC insured or collateralized by permitted investments. The remaining funds are on deposit with the West Virginia Board of Treasury Investments (WVBOTI). Such funds are extremely sensitive to short-term interest rate fluctuations.

As shown in the following chart, the average investment rate for short-term investments and the WVBOTI has been consistent with the Federal Funds rate. During fiscal year 2008, the Federal Reserve decreased the Federal funds rate seven times to 2.00% and decreased it an additional three times to a historical low of 0.00% to 0.25% in fiscal year 2009 where it remained through fiscal year 2011. With such a decline in the Federal funds rate, interest rates fell dramatically. Due to market conditions the Fund stopped investing in repurchase agreements and increased investing in Demand Deposit Accounts, FDIC insured certificates of deposit and in collateralized certificates of deposit to maximize investment yields and preserve principal.

The decreases in interest rates in fiscal year 2009 and 2010 directly impacted the Fund’s investment earnings as they decreased 8.9% from 2009 to 2010, net of unrealized gains or losses, and an additional 26.9% from 2010 to 2011, net of unrealized gains or losses. As long-term investments mature or are redeemed the Fund’s long-term average rates are decreasing due to the current lower yield opportunities for the reinvestment of these funds.

Below is a summary of the average investment rates from June 2008 to June 2011:

### Debt Management

The Fund issues qualified mortgage revenue bonds to fund its single family Bond Programs. When bonds are issued, the initial proceeds are invested in short-term investments until the funds are used for the purchase of mortgage loans. Because short-term investment rates are typically lower than the long-term bond rates, this creates negative arbitrage. To reduce this negative arbitrage, the Fund delays the issuance of new bonds until absolutely necessary.

The Fund sometimes uses general operating funds as a warehouse line to purchase new loans in anticipation of bond sales. As of June 30, 2011, there was \$2,551,000 in warehoused loans in the General Account to be purchased by the Housing Finance Program. In addition to general operating funds, the Fund has a \$15,000,000 line of credit with the Federal Home Loan Bank (the FHLB) that is also available to use as a warehouse line for the purchase of single family, multifamily, secondary market and economic development loans. This line of credit is to be secured by investments of the Bond Insurance Account as advances are received and is a general obligation of the Fund. At June 30, 2011, no advances had been drawn on this line of credit, and accordingly, no balance is outstanding.

When bonds are issued from the bond volume allocation, known as “new money” bonds, certain repayments and prepayments of mortgage loans made from these proceeds may be “recycled” into additional mortgage loans for ten years. The Fund uses recycling to supplement its bond issues by using prepayments for additional mortgage loans instead of issuing debt. If the market interest rates on mortgages are lower than the corresponding bond rates, the Fund may redeem bonds in lieu of recycling. However, if mortgage rates are higher than the corresponding bond rates the Fund may redirect prepayments into additional mortgage loans in lieu of redeeming bonds. Moving forward into fiscal year 2011 the Fund expects to continue to recycle mortgage loan repayments from its bond issues when it is economically prudent to do so.

During fiscal years 2009, 2010 and 2011, the Fund redeemed \$45,395,000, \$51,585,000, and \$164,250,000 in bonds, respectively. The increase in early redemptions for 2010 and 2011 as compared to 2009 is a factor of an increase in the amount of funds received from early prepayments of mortgages and redeeming bonds in lieu of recycling. In addition, 2011 redemptions included the refunding of bonds in the amount of \$93,870,000.

Debt expense was \$36,809,000, \$32,962,000 and \$29,399,000 in fiscal years 2009, 2010 and 2011, respectively. Debt expense decreased in 2010 as compared to 2009 and in 2011 as compared to 2010 due to lower bond balances as a result of redemptions exceeding new debt issuances.

In October 2009, the U.S. Treasury announced a plan designed to aid state housing finance agencies to access the housing bond market. The program was offered under the Housing and Economic Recovery Act (HERA) passed in July 2008. To participate in the U.S. Treasury plan, the Fund adopted a new bond resolution titled the General New Issue Bond Program Resolution. Bonds under this program are to be issued in two parts. In December 2009, convertible option bonds were sold to the U.S. Treasury in the amount of \$100,000,000. Proceeds of these bonds were deposited in a trust account approved by the Treasury. The second part of the bond transaction is to convert the bonds into long-term single family housing bonds, the proceeds of which will be used to purchase single family mortgage loans. If the bonds are not converted to long-term bonds by December 31, 2011, the convertible option bonds must be redeemed using the proceeds on deposit with the Trustee. Due to low demand for the Fund's mortgage loans in the current market environment, none of bonds have been converted to long-term bonds as of June 30, 2011 and no mortgages have been made under this program.

The following chart illustrates early bond redemptions, debt expense and bonds outstanding in the Bond Programs.

**Other**

The Fund services all of its outstanding mortgage loans and services loans on behalf of Fannie Mae, Freddie Mac, the West Virginia Affordable Housing Trust and the West Virginia Jobs Investment Trust. The Fund is the largest loan servicer in the State with serviced loans of \$1.34 billion. Servicing fee income in the amount of \$3,662,000 represents 6.43% of the Fund's operating revenues, net of pass through grant revenue, for the fiscal year ended June 30, 2011.

**NOTES TO FINANCIAL STATEMENTS, AN INTEGRAL PART OF THE FINANCIAL STATEMENTS**  
**June 30, 2011**

**NOTE A – AGENCY DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES**

The West Virginia Housing Development Fund (the Fund), a component unit of the State of West Virginia (the State), is a governmental instrumentality of the State and a public body corporate, created under the provisions of Article 18, Chapter 31 of the Code of West Virginia, 1931, as amended, and known as the West Virginia Housing Development Fund Act (the Act). Under the Act, the Fund's corporate purposes primarily relate to providing various housing programs. The Fund can also finance non-residential projects as defined in the Act.

The Fund is governed by a Board of Directors consisting of the Governor, Attorney General, Commissioner of Agriculture, and Treasurer of the State, all of whom serve ex-officio as public directors, and seven members, chosen by the Governor with the advice and consent of the State Senate, as private directors from the general public residing in the State. The Act, as amended in January 2005, designates the Governor or his or her designee as the Chair of the Board of Directors. Furthermore, this amendment provides that the Governor shall appoint the executive director, with the advice and consent of the State Senate, and that the executive director will serve at the Governor's will and pleasure.

The Fund is included as a discretely presented component unit of the primary government in the State's Comprehensive Annual Financial Report. In defining the Fund for financial reporting purposes, management considered all potential component units. Based on the criteria of accounting principles generally accepted in the United States, the Fund has no component units.

The various programs of the Fund consist of the General Account, the Bond Programs, Other Loan Programs, Land Development Program, Bond Insurance Account, and Federal Programs.

The General Account includes the results of the Fund's loan servicing operations, administrative expenses of the Fund's operations, operations of the Fund's building and fee income related to the administration of the Section 8 Housing Assistance Payments Programs (HAPs Program) and the Low-Income Housing Tax Credit Program.

The Bond Programs include the activities of the single family and multifamily bond programs under the Housing Finance Bond Program and the New Issue Bond Program resolutions, the purpose of which is to provide affordable housing throughout the State. Assets and revenues of the Bond Programs are restricted subject to the provisions of the bond resolutions and are available for other purposes only to the extent they are not required to meet specified reserve and funding provisions of the resolutions.

Other Loan Programs include the Homeownership Assistance Program, Secondary Market Program, Leveraged Loan Program, Economic Development Program, Mini-Mod Renovation Program, Flood Program, Demolition Program, Home Emergency Loan Program, Low-Income Assisted Mortgage Program and the Special Needs Program, all of which have been financed from the general reserves of the Fund.

The Land Development Program was established by the Act in 1973 with a \$2,000,000 appropriation from the State Legislature from which the Fund can make below-market interest rate loans to developers to acquire and improve land for residential housing and non-residential construction. The Land Development Program is restricted by State statute.

The Bond Insurance Account was created by the Act as a special trust fund within the State Treasury designated as the "Mortgage Finance Bond Insurance Fund", and was established to provide for the payment of principal and interest in the event of default by the Fund on "Mortgage Finance Bonds," as defined in the Act. The Bond Insurance Account is restricted by State statute and is under the supervision of the West Virginia Municipal Bond Commission (the "Bond Commission"). The Bond Insurance Account is included in the Fund's financial statements but is kept separate and apart from all other accounts of the Fund, the Bond Commission, and the State. Both the Housing Finance Bond Program and the New Issue Bond Program are considered Mortgage Finance Bonds.

Federal Programs include the United States Department of Housing and Urban Development's (HUD) HOME Investment Program (HOME), Tax Credit Assistance Program (TCAP), HAPs Program and the U.S. Treasury's Tax

Credit Exchange Program (TCEP) for which the Fund acts as program administrator. These programs are funded solely through federal monies and are restricted by Federal regulations.

Accounting methods: The accounting policies of the Fund conform to generally accepted accounting principles for state housing finance agency enterprise funds. The various programs were established in accordance with the Act, the bond resolutions, or at management's discretion. The financial statements are prepared following the flow of economic resources measurement focus on the accrual basis of accounting, which requires recognition of revenue when earned and expenses when incurred.

The Fund follows Governmental Accounting Standards Board (GASB) Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, and accordingly, does not adopt Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989, unless the GASB specifically adopts such FASB statements or interpretations.

Cash and cash equivalents: The Fund considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. This includes cash, certificates of deposit, short-term agency notes, collateralized repurchase agreements, and deposits with the West Virginia Board of Treasury Investments (WVBOTI). Under arrangements relating to collateralized repurchase agreements, third parties hold the underlying securities and monitor the market values of such securities so that the market value of the collateral pledged is maintained at a minimum of 102% of the amount of the repurchase agreements.

Mortgage loans held for sale: In its Secondary Market Program, the Fund purchases and sells fixed-rate and adjustable-rate mortgage loans, primarily to government agencies, on a servicing retained basis. Mortgage loans held for sale, including commitments to purchase and sell loans, are carried at the lower of aggregate cost or market. The sale price is determined at the date of commitment and the commitment period generally ranges from 30 to 90 days. At June 30, 2011, the Fund had commitments to originate loans of \$5,475,000, net of estimated fallout, and commitments to sell loans of \$1,705,000.

Restricted cash and cash equivalents represents monies the Fund holds on behalf of others, restricted by the Act or by the bond resolutions. Included in this line item are tax and insurance escrows held on behalf of the Fund's various mortgagors and payments collected on mortgages for which the Fund acts as servicer only. The Fund is obligated to expend these monies on escrowed items or remit them to the appropriate investors in the case of mortgage loans serviced for the benefit of others. Also included in Restricted cash and cash equivalents are federal housing program funds for which the Fund acts as grantee or agent. The total funds held on behalf of others were \$14,698,000 at June 30, 2011 and \$16,060,000 at June 30, 2010. Restricted cash and cash equivalents to be used for the acquisition of noncurrent assets, such as mortgage loans or investments, are classified as Noncurrent assets.

Mortgage loans, net of allowances for losses: These loans consist primarily of unrestricted mortgage loans made under the General Account and Other Loan Programs. The Fund provides for possible losses on loans based on management's review of potential problem loans. The allowance for loan losses is shown below.

Other assets include accounts receivables, foreclosed properties and properties owned, net of an allowance for estimated probable declines in net realizable value. Also included in Other assets is land and an office building owned by the Fund stated at its original cost of \$1,100,000, net of accumulated depreciation on the building of \$880,000. The building is fully depreciated. In fiscal year 2009, the Fund purchased land for \$1,810,000 in anticipation of constructing a new office building on the site. Construction began during fiscal year 2011. As of June 30, 2011 capitalized costs related to the construction of the new building were \$5,696,000. These amounts are also included in Other assets. The Fund expects construction to be completed and to move to their new office in August 2011. Capital assets are not separately presented in the financial statements due to immateriality.

Office furniture, equipment, and improvements are charged to operations when purchased; accordingly, no depreciation or amortization for these items is included in the financial statements. If such assets were capitalized and depreciated over their estimated useful lives, there would be no material effect on the accompanying financial statements.

Restricted investments: The Fund established guidelines for the investment of its funds to meet the requirements of the bond resolutions and the Act. Currently, investments consist primarily of United States government and agency obligations and certificates of deposit with maturities greater than 90 days.

Investment securities are recorded at fair value, based on quoted market prices, and a portion of the unrealized gains or losses is reported in the Statements of Revenues, Expenses, and Changes in Net Assets as part of Net investment earnings as more fully explained in Note C – Cash and Investments.

Restricted mortgage loans, net of allowance for losses includes loans originated under the General Account, the Bond Programs, Land Development Program, and Federal Programs as well as loans held in the Bond Insurance Account.

The allowance for loan losses in these programs is shown below.

Federal Programs include HOME, which is designed to assist very low-income borrowers and to provide capacity building funds for nonprofit housing organizations. The funds provided to these nonprofits will only be repaid if the nonprofit fails to provide the services required as a condition of receiving HOME funds. Federal Programs also includes TCAP and TCEP, which were designed to assist in the development of Low-Income Housing Tax Credit Program properties. These funds will only be repaid if the recipient fails to comply with certain covenants of their agreement. Therefore, these HOME, TCAP and TCEP projects are recorded as restricted mortgage loans with a corresponding 100% loss allowance in the Statements of Net Assets.

Most loans in the Bond Programs are protected against loss by collateralization and various federal and private insurance programs. Repayment of certain multifamily rental project loans is dependent, in part, upon rental and interest subsidy programs of HUD.

Restricted other assets include certain foreclosed properties, properties developed for flood activities, other land for restricted housing purposes, and miscellaneous receivables, net of an allowance for estimated probable declines in the net realizable value. These assets are restricted subject to the provisions of the bond resolutions, the Act, or federal regulations.

Accounts payable and other liabilities includes amounts held on behalf of others as explained in Note A - Restricted cash and cash equivalents, amounts due to vendors, and rebateable investment earnings.

Federal program advances are federal housing program funds for which the Fund acts as grantee or agent to originate mortgages under the HOME program.

Restricted net assets: Net assets of the Bond Programs are restricted to meet specified reserve and funding provisions in accordance with the bond resolutions. Net assets of the Land Development Program and Bond Insurance Account are restricted in accordance with the Act. Federal Programs are restricted due to requirements of HUD or other grantor agencies. When both restricted and unrestricted resources are available for use, it is generally the Fund's policy to use restricted resources first, and then unrestricted resources as they are needed.

Operating revenues and expenses: The Fund classifies operating revenues and expenses based on the services provided by the Fund and its ongoing operations. This includes such activities as mortgage lending, administration of federal financial awards programs, property management and development, and other related program activities. Net investment earnings and interest on debt are reported as non-operating revenues and expenses.

Pass-through grant revenue and pass-through grant expense: The Fund receives grants and other financial assistance from HOME, TCAP, TCEP and the HAPs Programs to transfer or spend on behalf of various secondary recipients. These amounts are considered pass-through grants and are reported in the financial statements as revenue and expense when funds are disbursed to the subrecipient.

Fee revenue consists primarily of loan servicing fees on mortgage loans serviced by the Fund, administration fees earned from the HAPs Program, financing fees, tax credit fees, secondary market fees, prepayment penalties on multifamily loans and deferred document penalty fees.

The Fund services all loans in its portfolio as well as loans on behalf of others totaling approximately \$1,347,000,000 and \$1,364,000,000 at June 30, 2011 and 2010, respectively. Of this total, the portfolio serviced by the Fund on behalf of others approximated \$391,992,000 and \$394,299,000 at June 30, 2011 and 2010, respectively.

Other revenues consist primarily of rental income, gains on sale of mortgages in the Secondary Market Program, gains on sales of foreclosed properties acquired through the Fund's mortgage lending activities, and other miscellaneous revenue items.

Loan fees expense includes fees paid to lenders for the origination of mortgage loans. In addition, loan fees expense includes the cost of acquiring the servicing rights to mortgage loans owned by the Fund and loans owned by others, primarily Fannie Mae. Since such costs are expensed as incurred, no purchased mortgage servicing right is capitalized. The impact of not capitalizing the present value of net future servicing revenues, less amortization, over the estimated lives of the underlying mortgage loans, is not material to the accompanying financial statements.

Program expenses primarily consist of disbursements made under the Fund's various programs, provisions for mortgage loan losses, losses on sales of foreclosed properties acquired through the Fund's mortgage lending activities and costs of bond issuance. The Fund expenses bond issuance costs in the period the related bonds are issued and it does not amortize the costs. Expensing debt issuance costs in the period of borrowing does not materially affect the accompanying financial statements. Program expenses also include daily operating expenses of the office building owned by the Fund.

Administrative expenses, net include salary, benefits, and other operating expenses related to the daily operations of the Fund. When an expense is incurred, the expense is charged to the program or account for which it is directly applicable, whether restricted or unrestricted. Indirect expenses are allocated to programs and accounts based on a percentage of the program's or account's direct salary cost.

Reclassifications: Certain amounts in the 2010 financial statements have been reclassified to conform to the 2011 presentation. Such reclassifications had no effect on Total Net Assets.

## NOTE B – ASSETS FOR RESERVED AND OTHER PURPOSES

Assets and revenues of the Bond Programs are subject to the provisions of the bond resolutions and are available for other purposes only to the extent they are not required to meet specified reserve and funding provisions of the resolutions. The Fund, to the extent such monies become available under the terms of the resolutions, has pledged to maintain the net assets of its Bond Programs at a level to preserve the Fund's bond ratings. In the event that the Fund fails to comply with the terms of the bond resolutions the holders of such obligations would have recourse to the unrestricted assets of the Fund. The Land Development Program and the Bond Insurance Account are both restricted by State statute.

Assets of the General Account and Other Loan Programs are principally unrestricted and may be transferred to other programs subject to the approval of the Fund's management or Board of Directors. The Fund has committed \$6,501,000 from Other Loan Programs for various loans / projects at June 30, 2011. These amounts are included in Unrestricted net assets. The Fund is actively accepting applications from prospective recipients to originate loans from amounts allocated by the Board of Directors from Other Loan Programs.

The Board of Directors has also allocated \$1,000,000 of the Unrestricted net assets for the "Directors' and Officers' Insurance Account" for the purpose of providing indemnification for the directors and officers of the Fund. The fiscal year 2012 estimated administrative budget of \$11,700,000 will be provided from the Unrestricted net assets and from future revenues of the Fund.

## NOTE C – CASH AND INVESTMENTS

The Fund actively invests cash in conformity with the Act, the Bond Programs and the Board approved Investment Policy. Permitted investments include a wide variety of securities and obligations such as certain corporate deposits, money market accounts, investment agreements or repurchase agreements with primary government dealers, direct obligations or obligations guaranteed by the State, United States government securities, or federal agency securities. Currently, the Fund's investments consist primarily of United States government or agency securities, FDIC insured Certificates of Deposits or collateralized certificates of deposit. The Investment Policy also permits the Fund to invest a maximum of \$40,000,000 with the WVBOTI of which a maximum of \$20,000,000 can be invested in the West Virginia Money Market Pool. The reported value of the deposits with the WVBOTI is the same as the fair value of the pool shares. The WVBOTI operates in accordance with applicable State laws and regulations. The following is a detail of the Fund's investments by type:

*Interest Rate Risk* –The Investment Policy limits the weighted average maturity of various fund types as shown in the following chart. The Act does not provide for investment maturity limits. Reserve funds are the capital reserve investments required for the Bond Programs which are currently invested in long-term U.S. Government and government agency obligations and long-term certificates of deposit. The Bond Insurance Account, which provides additional reserves for the payment of the Housing Finance Bonds and the New Issue Program Bonds, is currently invested in U.S. Government and government agency obligations as well as mortgage loans for investment purposes and certificates of deposit. Other funds consist of bond revenues to be used for debt service on the outstanding bonds, bond proceeds for the purchase of mortgage revenue bond loans, Other Loan Program funds and general operating funds. Other funds are primarily invested short-term to meet program-funding needs and to provide for daily operational costs of the Fund. Funds held for others consist of single family and multifamily escrow funds as well as amounts to be remitted to others. The Fund has both the intent and the ability to hold long-term securities until final maturity and is therefore limited in its exposure to interest rate risk on these long-term obligations.

	<b>Permitted Maturity Limit</b>	<b>Average Maturity as of June 30, 2011</b>

*Credit Risk* – Although permitted by the Act, the Fund’s Investment Policy prohibits investment in other State and Local obligations and prohibits investment in corporate debt instruments. The Fund’s Investment Policy additionally requires repurchase agreements to be invested with banks or primary dealers which are rated or provide the necessary collateral to maintain the Fund’s bond, note and issuer ratings. Furthermore the Investment Policy limits collateral for repurchase agreements to direct federal and federally guaranteed obligations, and federal agency obligations.

As of June 30, 2011, the Fund’s investments in the WVBOTI are rated AAA. The following investments were rated AAA as of June 30, 2011. Federal agency securities consist of Fannie Mae, Federal Farm Credit Bank, Federal Home Loan Bank and Freddie Mac all of which are rated AAA. Fannie Mae MBS pools are also rated AAA. Certificates of deposit are either FDIC insured through the Certificate of Deposit Account Registry Service (CDARS) or collateralized with an irrevocable standby letter of credit issued by the Federal Home Loan Bank of Pittsburgh, which is rated AAA. Money Market Funds are invested in the Federated Government Obligations Fund and are rated AAA. Mortgages held for investment purposes are not rated.

*Concentration of Credit Risk* – The Investment Policy limits the percentage or amount of the investment portfolio that may be invested in various types of issuers as indicated in the chart below. Underlying collateral for repurchase agreements is used in determining the percentage of the permitted investments. The Act does not limit the percentage of investments in any permitted investment type.

*Custodial Credit Risk – Deposits* - The Act requires all deposits to be FDIC insured or fully collateralized by permitted investments. The Investment Policy further limits the securities permitted as collateral for amounts in excess of FDIC insurance to direct federal or federally guaranteed obligations, federal agency, or State of West Virginia obligations.

The Fund’s cash, including escrow funds, had a carrying value of \$48,430,000 and \$82,863,000 as of June 30, 2011 and 2010, respectively. Bank balances approximated \$49,277,000 and \$83,375,000 as of June 30, 2011 and 2010, respectively, of which approximately \$10,835,000 and \$24,330,000 was covered by federal depository insurance as of June 30, 2011 and 2010, respectively, and \$26,156,000 and \$30,262,000 was either collateralized with securities pledged to the Fund and held by the trust department of the pledging financial institution or held and pledged to the Fund by the pledging financial institution’s agent as of June 30, 2011 and 2010, respectively. Also included in the bank balances above are trust account money market fund balances of \$12,286,000 and \$28,783,000 as of June 30, 2011 and 2010, respectively, which are not subject to custodial credit risk.

*Custodial Credit Risk – Investments* – The Investment Policy requires purchased securities be physically delivered to the Fund’s custodian or trustee or, in the case of book-entry securities, registration books shall designate the custodian or trustee. The Investment Policy also requires collateral for repurchase agreements be delivered to a third party custodian or in the case of book-entry securities, be registered to the Fund. All U.S. government and agency obligations owned by the Fund are registered in the Fund’s name or the Fund’s designated trustee. All repurchase agreements and investment contracts are tri-party agreements where third parties hold the underlying securities on behalf of the Fund. The Act does not address custodial credit risk for investments.

Mortgages held for investment are included in *Mortgage loans, net of allowances* and *Restricted mortgage loans, net of allowances* on the Statement of Net Assets. Investments are included at estimated fair value in the accompanying financial statements as follows:

(Dollars in thousands)	June 30,

In accordance with GASB 31 at June 30, 2011, the Fund has an unrealized gain on investments of \$12,376,000. This represents a \$1,637,000 decrease from the June 30, 2010 unrealized gain on investments. A portion of this unrealized gain, \$858,000 is recorded as a liability. This portion is recorded as a liability because, if this gain were realized, it would increase excess rebateable investment earnings pursuant to Section 103A of the Internal Revenue Code, as amended (the Code). To adjust the fair value of investments to reflect this unrealized gain at June 30, 2011 and to properly reflect the rebate liability, a \$1,444,000 decrease was recorded in *Net investment earnings* in the Statements of Revenues, Expenses, and Changes in Net Assets for year ended June 30, 2011.

**NOTE D – BONDS PAYABLE**

The Act authorizes the Fund to issue bonds and notes for its various programs in an aggregate principal amount not to exceed \$1,250,000,000 outstanding at any one time, exclusive of refunded obligations. Bonds and notes issued by the Fund are considered obligations of the Fund and are not deemed to constitute a debt or liability of the State.

The proceeds from the Fund’s Bond Programs are used to finance mortgage loans to eligible State borrowers and to establish certain reserves as required by the resolutions. The mortgage loans are secured by deeds of trust and approximately 79% of all loans are subject to coverage under federal or private mortgage insurance or guarantee

programs. All bonds are secured by a pledge of all mortgage loan repayments, all proceeds of federal or private mortgage insurance, interest received on any monies or securities held pursuant to the resolutions, and the rights and interest of the Fund in and to the mortgage loans. Principal and interest paid on bonds and notes payable for the year ended June 30, 2011 and 2010 was \$117,453,000 and \$104,745,000, respectively. In addition, 2011 included the refunding of bonds in the amount of \$93,870,000. Total pledged revenues in 2011 and 2010 were \$133,997,000 and \$134,279,000, respectively.

To reduce its debt expense, the Fund redeems bonds from prepayments of the mortgages in its portfolio when it is prudent to do so. The Code permits the Fund to issue new bonds or notes to replace some of those bonds redeemed early from prepayments. This enables the Fund to issue debt in excess of the bond volume cap allocated to it by the State if required.

In October 2009, the U.S. Treasury announced a plan designed to aid state housing finance agencies to access the housing bond market. The program was offered under the Housing and Economic Recovery Act (HERA) passed in July 2008. To participate in the U.S. Treasury plan, the Fund adopted a new bond resolution titled the General New Issue Bond Program Resolution. Bonds under this program are to be issued in two parts. In December 2009, convertible option bonds were sold to the U.S. Treasury in the amount of \$100,000,000. Proceeds of these bonds were deposited in a trust account approved by the Treasury. During calendar 2011, the second part of the bond transaction is to convert the bonds into long-term single family housing bonds the proceeds of which will be used to purchase single family mortgage loans. If the bonds are not converted to long-term bonds by December 31, 2011, the convertible option bonds must be redeemed using the proceeds on deposit with the Trustee. Due to low demand for the Fund's mortgage loans in the current market environment, none of bonds have been converted to long-term bonds as of June 30, 2011 and no mortgages have been made under this program.

The On-Site Systems Loan Program (the OSLP) was created in September 2007 in partnership with the West Virginia Department of Environmental Protection (the DEP). Under this program the Fund may borrow up to \$1,000,000 from the DEP Clean Water Revolving Loan Fund. These funds are then loaned to State residents to upgrade, replace or repair inadequate septic systems. The Fund is obligated to repay the amount borrowed from the DEP only to the extent the Fund receives payments from loan recipients. At June 30, 2011, *Bonds & notes payable - noncurrent* include a \$662,000 note payable due to DEP related to this program under Other Loan Programs.

The following charts summarize bond and note activity from 2010 to 2011 and 2009 to 2010, respectively.

Furthermore, these special obligations are not secured by the Fund's general obligation debt pledge or its moral obligation and are not included in the Fund's financial statements.

(1) - Includes the maturity of the NIBP Bonds of \$100,000,000. Also includes the anticipated redemption of Housing Finance Bonds in the amount of \$13,545,000.

Most bonds issued by the Fund are subject to redemption at the option of the Fund prior to maturity at dates and premiums as set forth in the bond resolutions. The Fund redeems bonds prior to their stated maturity dates primarily due to excess program revenues, the prepayments of mortgage loans pledged for the repayment of the bonds, excess amounts in the capital reserve funds, and/or from proceeds of refunding bonds. During the fiscal years ended June 30, 2011 and 2010, the Fund redeemed \$164,250,000 and \$51,585,000 of bonds, respectively, at redemption prices that approximated their carrying value. The impact of these early redemptions on the financial statements was not material.

In accordance with Section 103A of the Code, the Fund has established allowances for excess rebateable investment earnings. The excess rebateable investment earnings arise due to actual investment yields earned by the Fund being greater than yields permitted to be retained by the Fund under the Code. The Code requires such excess investment earnings to be remitted to the Internal Revenue Service. The Housing Finance Bond Program established liabilities for excess rebateable investment earnings in the amount of \$102,000 and \$177,000 at June 30, 2011 and 2010, respectively. These amounts are included in Accounts payable and other liabilities and represent actual earnings in excess of those permitted by the Code. These amounts are in addition to the \$858,000 and \$1,051,000 established as a liability at June 30, 2011 and 2010, respectively, for the excess of the fair value of investments over amortized costs as explained in *Note C – Cash and Investments*. Future excess investment earnings may require the establishment of additional liabilities for these and other bond issues.

The Fund has a \$15,000,000 line of credit with the Federal Home Loan Bank that is available to use as a warehouse line for the purchase of single family, multifamily, secondary market loans and economic development projects. This line of credit will be secured by investments of the Bond Insurance Account as funds are advanced and it is a general obligation of the Fund. At June 30, 2011, no advances had been drawn on this line of credit, and accordingly, no balance is outstanding.

#### **NOTE E - CONTINGENT LIABILITIES AND RISK MANAGEMENT**

Under the terms of certain federal programs, periodic audits are required and certain costs and expenditures may be questioned as not being appropriate under the terms of the program. Such audits could lead to reimbursements to the grantor agencies. Historically, questioned costs have been insignificant. Management of the Fund believes future disallowances, if any, will continue to be insignificant.

The Fund is a defendant in various legal proceedings arising in the normal course of business. In the opinion of management and its legal counsel the ultimate resolution of these proceedings will not have a material adverse effect on the Fund's financial position.

Through its business operations, the Fund is exposed to various risks of loss related to potential loan losses on program mortgages, fire, liability, and employee wrongdoing. To reduce risk of loss on program mortgages, the Fund has various types of mortgage insurance. At June 30, 2011, 47.30% of the Fund's single family Housing Finance Bond Program loans were either VA, USDA Rural Development, or FHA guaranteed. Another 31.11% of these loans carry private mortgage insurance. Substantially all multifamily mortgages are federally insured or guaranteed and/or are subject to HUD Section 8 rental assistance subsidies. There are no mortgage loans outstanding under the New Issue Bond Program as of June 30, 2011.

The Fund is insured against fire for owned assets and liability, and employee negligence through private insurance. Furthermore, key staff members of the Fund are bonded against theft in the aggregate amount of \$4,000,000. The Board of Directors has allocated \$1,000,000 of the Fund's unrestricted net assets to provide indemnification for the directors and officers of the Fund. Additionally, the Fund has general liability insurance with the State Board of Risk and Insurance Management in the amount of \$1,000,000 per occurrence and another \$4,000,000 per occurrence with General Star Insurance Company for officers' and directors' indemnity. The Fund pays an annual premium in exchange for such coverage. There have been no significant settlements in excess of insurance coverage during the past three calendar years.

#### **NOTE F - RETIREMENT PLAN**

All full-time Fund employees are eligible to participate in the State's Public Employees' Retirement System (PERS), a cost-sharing multiple-employer public employee retirement system. Employees who retire at or after age 60 with five or more years of credited service, or at least age 55 with age and service equal to 80, are entitled to a retirement benefit established by State statute, payable monthly for life, in the form of a straight-life annuity equal to two percent of the employee's final average salary, multiplied by the number of years of the employee's credited service at the time of retirement.

Final average salary is the average of the highest annual compensation received by an employee during any period of three consecutive years of credited service included within ten years of credited service immediately preceding the termination date of employment with a participating public employer or, if the employee has less than three years of credited service, the average of the annual rate of compensation received by the employee during the total years of credited service. The PERS also provides deferred retirement, early retirement, death, and disability benefits. Beginning July 1, 2011 the required contributor's percentage will increase from 12.5% to 14.4% and is determined by actuarial advisement within ranges set by statute. As permitted by legislation, the Fund has elected to pay 100% of all costs relating to the Plan, including the employee's 4.5% contribution. Such costs approximated \$953,000, \$817,000, and \$771,000 for the fiscal years ended June 30, 2011, 2010, and 2009, respectively. The PERS issues an annual report, which can be obtained by contacting the West Virginia Consolidated Public Retirement Board at 4101 MacCorkle Avenue S.E., Charleston, WV 25304-1636.

#### **NOTE G – COMPENSATED ABSENCES AND OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

Employees accumulate annual leave balances to maximum amounts ranging from 210 to 420 hours. Most employees receive a 100% termination payment upon separation based upon their final rate of pay. The liability for annual leave is valued at 100% of the balance plus the Fund's share of Social Security and Medicare contributions. The Fund has recorded a liability for accrued vacation for all employees in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*. The liability for annual leave at June 30, 2011 and June 30, 2010 is \$540,000 and \$531,000, respectively. In lieu of cash payment at retirement, an employee can elect to use accumulated annual leave toward their postemployment health care insurance premium as further explained in Note H.

**NOTE H - POSTEMPLOYMENT HEALTHCARE PLAN**

*Plan Description.* The Fund provides certain health care insurance benefits for retired employees. The Fund established the Welfare Benefit Plan (the Plan), an irrevocable trust, for the future costs of these benefits. The assets of the Plan are with an external trustee and, accordingly, no assets or liabilities are reflected in the Fund's financial statements. The Plan is a single-employer defined other postemployment benefit plan administered by the Fund. Substantially all employees may become eligible for these benefits if they reach normal retirement age while working for the Fund. Management of the Fund has the authority to establish and amend benefit provisions to the Plan. The financial statements and required supplementary information for the Plan are not audited and are included in this note as supplementary information to the Fund's financial statements.

**Funding Policy.** The contribution requirements of plan members and the Fund are established and may be amended by the Fund’s management. In lieu of cash payment at retirement, an employee can elect to use accumulated annual and accumulated sick leave toward their postemployment health care insurance premium. A retiree may convert two unused leave days into one month’s insurance premium for single coverage or three unused leave days into one month’s premium for family coverage. Accordingly, the maximum period for which a retiree may be entitled to such benefits would be twelve years. The Fund will pay monthly health insurance premiums of these retirees based on unused sick leave and/or annual leave at the time of retirement until the unused leave is fully utilized or until the retiree reaches the eligible age for Medicare. The Fund’s policy is to fund the cost of medical benefits in amounts determined at the discretion of management.

**Annual OPEB Cost and Net OPEB Obligation.** The Fund’s annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45, “Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions” (OPEB). The ARC represents a level of funding that, if paid on an ongoing basis it is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. As of June 30, 2011 the Fund does not have any unfunded actuarial liabilities.

The following table shows the components of the Fund’s annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the Fund’s net OPEB obligation to the Plan.

\*100% was contributed by the Fund for fiscal years 2011 and 2010 in July 2011 and July 2010, respectively.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the ARC are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

**Funded Status and Funding Progress.** The funded status of the Plan per actuarial valuations as of January 1, 2010 and January 1, 2007 was as follows:

As of January 1, :		
(Dollars in thousands)	2010	2007
Actuarial accrued liability (AAL)	\$ 2,114	\$ 2,244
Actuarial value of plan assets	3,202	2,678
Plan assets in excess of actuarial accrued liability	<u>\$ 1,088</u>	<u>\$ 434</u>
Funded ratio (actuarial value of plan assets)	151.5%	119.3%
Covered payroll (active plan members)	\$ 5,365	\$ 5,259
Excess of plan assets over AAL as a percentage of covered payroll	20.3%	8.3%

***Actuarial Methods and Assumptions.*** Projections of benefits for financial reporting purposes include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the Fund and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2010 actuarial valuation, the Entry Age Normal actuarial cost method was used. The actuarial assumptions included a 4.5% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the Fund's investments calculated on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 12% initially, reduced by decrements to an ultimate rate of 5% after five years. Both rates included a 3% inflation assumption. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period.

**FORMS OF APPROVING OPINIONS OF BOND COUNSEL**

WEST VIRGINIA HOUSING DEVELOPMENT FUND  
5710 MacCorkle Avenue, SE  
Charleston, West Virginia

At your request, we have examined the constitution and laws of the State of West Virginia (the “State”) and a record of proceedings related to the issuance of \$18,740,000 New Issue Program Bonds, 2011 Series A (the “2011 A Bonds”) and \$2,000,000 New Issue Program Bonds, 2011 Series B (the “2011 B Bonds”; together with the 2011 A Bonds, the “2011 A and B Bonds”), of the West Virginia Housing Development Fund (the “Housing Development Fund”), a public body corporate of the State created by and pursuant to Article 18 of Chapter 31 of the Code of West Virginia, 1931, as amended (the “Act”), and organized and existing under the Act and the laws of the State.

The 2011 A and B Bonds are authorized to be issued pursuant to the Act, the General New Issue Bond Program Resolution, adopted November 19, 2009 (the “Resolution”), the First Supplemental New Issue Bond Program Bond Resolution, adopted November 19, 2009 (the “First Supplemental Resolution”), the Second Supplemental Resolution Amending the First Supplemental New Issue Bond Program Bond Resolution, adopted September 28, 2010 (together with the First Supplemental Resolution, the “Supplemental Resolution”; the Supplemental Resolution and the Resolution, collectively, the “Resolutions”), and a Certificate of Determinations of the Executive Director, dated as of November 2, 2011 (the “Certificate”). Bonds issued pursuant to the Resolution (“New Issue Program Bonds”), including the 2011 A and B Bonds, are authorized to be issued for the purpose of providing funds to carry out the New Issue Bond Program as described in the Resolution.

The 2011 A and B Bonds are dated, mature on the dates, bear interest at the rates and are subject to redemption and otherwise are as described and provided for in the Supplemental Resolution and the Certificate.

Applicable Federal tax law establishes certain requirements that must be met subsequent to the issuance of the 2011 A and B Bonds and the release of moneys, in an amount corresponding to the aggregate principal amount of the Housing Development Fund’s New Issue Program Bonds, 2009 Series A, Subseries A-1 (together with the 2011 A and B Bonds, the “Related Bonds”), from an escrow account into which the proceeds of the Housing Development Fund’s New Issue Program Bonds, 2009 Series A were deposited upon the issuance thereof, in

order that the interest on the 2011 A and B Bonds not be included in gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”). The Housing Development Fund has adopted documents with respect to its program (the “Program Documents”) that establish procedures under which, if followed, such requirements can be met. The Housing Development Fund has covenanted in the Resolutions to at all times perform all acts and things permitted by law and necessary and desirable in order to assure that interest paid on the 2011 A and B Bonds shall be excluded from gross income for federal income tax purposes under any valid provision of law. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of the reasonable expectations made by the Housing Development Fund and others in connection with the Related Bonds. We have relied upon such covenant and have assumed compliance with and enforcement by the Housing Development Fund of the provisions of the Resolutions and the Program Documents.

The Housing Development Fund is authorized to issue other New Issue Program Bonds in addition to the 2011 A and B Bonds upon the terms and conditions set forth in the Resolution, and such Bonds, when issued, shall with the 2011 A and B Bonds and with all other such Bonds theretofore and thereafter issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Resolution.

Pursuant to the Act, a special trust fund has been established with the Municipal Bond Commission of the State and designated as the Mortgage Finance Bond Insurance Fund. Amounts in the Mortgage Finance Bond Insurance Fund are required by the Act to be applied to the payment of the principal of and interest on Mortgage Finance Bonds, as defined in the Act, when due, to the extent other moneys are not available therefor. The Act provides that in the event that the amount in the Mortgage Finance Bond Insurance Fund is less than its requirement, as established by the Act, the Governor of the State is authorized, but not required, to include the amount of any such deficiency in the budget of the State for the next fiscal year and that the Legislature is authorized, but not required, to make an appropriation of the amount necessary to cure such deficiency.

We are of the opinion that:

1. Under the constitution and laws of the State, the Housing Development Fund has good, right and lawful authority, among other things, to carry out the New Issue Bond Program (as defined in the Resolution), to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the New Issue Program Bonds, including the 2011 A and B Bonds, and to perform its obligations under the terms and conditions of the Resolutions, including financing the mortgage loans and collecting and enforcing the collection of Pledged Receipts and Recoveries of Principal as covenanted in the Resolution.

2. The Resolutions have been duly adopted by the Housing Development Fund, are in full force and effect, and are valid and binding upon the Housing Development Fund and enforceable in accordance with their terms.

3. The 2011 A and B Bonds have been duly authorized by the Housing Development Fund in accordance with the Resolutions and the laws of the State, including the

Act, and pursuant to the Act are issued by a public body corporate of the State for a public purpose.

4. Subject to agreements heretofore or hereafter made with the holders of any notes or other bonds of the Housing Development Fund pledging any particular revenues or assets not pledged under the Resolution and the exclusion by the Act of a pledge of funds in the Land Development, Operating Loan and Jobs Development Funds, the 2011 A and B Bonds are valid and legally binding general obligations of the Housing Development Fund payable from the revenues, funds or moneys pledged for the payment thereof pursuant to the Resolution, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Resolution.

5. The New Issue Program Bonds, including the 2011 A and B Bonds, are secured by a pledge in the manner and to the extent set forth in the Resolution. The Resolution creates the valid pledge of and lien on the Pledged Receipts and Recoveries of Principal, as defined in the Resolution, and all the Funds and Accounts established by the Resolution and moneys and securities therein, which the Resolution purports to create, subject only to the provisions of the Resolution permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolution.

6. Pursuant to the Resolutions, the Housing Development Fund has validly covenanted in the manner and to the extent provided in the Resolution, among other things, to undertake the New Issue Bond Program with the proceeds of the 2011 A and B Bonds, including the financing of mortgage loans, subject to the requirements of the Resolution with respect thereto, and to do all such acts and things necessary to receive and collect the Pledged Receipts and, when applicable, Recoveries of Principal.

7. The State is not liable on the 2011 A and B Bonds and the 2011 A and B Bonds are not a debt of the State. Neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal of and interest on the 2011 A and B Bonds.

8. The Housing Development Fund has validly pledged amounts in the Mortgage Finance Bond Insurance Fund to secure the payment of the 2011 A and B Bonds and other Mortgage Finance Bonds and the interest thereon, and amounts to cure deficiencies in the Mortgage Finance Bond Insurance Fund for the payment of Mortgage Finance Bonds may be validly appropriated in accordance with law. The Housing Development Fund is authorized to pledge amounts in the Mortgage Finance Bond Insurance Fund to payment of other obligations issued by the Housing Development Fund upon the terms and conditions contained in the Act and the Resolution.

9. Under existing statutes and court decisions, (i) interest on the 2011 A and B Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"); (ii) interest on the 2011 A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, *however*, is included in the adjusted current earnings of certain corporations for the purposes of calculating the alternative minimum

tax imposed on such corporations; and (iii) interest on the 2011 B Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in the adjusted current earnings of corporations for purposes of calculating the alternative minimum tax.

We express no opinion regarding any other federal or state tax consequences with respect to the 2011 A and B Bonds. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to our attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the 2011 A and B Bonds, or under state and local tax law. We undertake no responsibility for the accuracy, completeness, or fairness of any official statement or other offering materials relating to the 2011 A and B Bonds and express herein no opinion relating thereto.

We have assumed, without undertaking to verify, the genuineness of all documents, certificates and opinions presented to us (whether as originals or as copies) and of the signatures thereon, the accuracy of the factual matters represented, warranted, or certified therein, and the due and legal execution thereof by, and the validity against, any parties other than the Housing Development Fund.

In rendering this opinion, we are advising you that the rights and obligations under the 2011 A and B Bonds and the Resolutions and their enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, arrangement, fraudulent conveyance, or other laws affecting creditors' rights or remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law), to the exercise of judicial discretion in appropriate cases, and to limitations on legal remedies. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, waiver, or severability provisions contained in the documents described herein.

We have examined specimens of the 2011 A and B Bonds and in our opinion the forms thereof and their execution are regular and proper.

Very truly yours,

WEST VIRGINIA HOUSING DEVELOPMENT FUND  
5710 MacCorkle Avenue, SE  
Charleston, West Virginia

At your request, we have examined the constitution and laws of the State of West Virginia (the “State”) and a record of proceedings related to the Release (as defined below) by the West Virginia Housing Development Fund (the “Housing Development Fund”), a public body corporate of the State created by and pursuant to Article 18 of Chapter 31 of the Code of West Virginia, 1931, as amended (the “Act”), and organized and existing under the Act and the laws of the State, of a portion of the proceeds of the Housing Development Fund’s New Issue Program Bonds, 2009 Series A (the “2009 A Bonds”), in the aggregate principal amount of \$31,110,000, such portion constituting the Housing Development Fund’s New Issue Program Bonds, 2009 Series A, Subseries A-1 (the “2009 Subseries A-1 Bonds”).

The 2009 Subseries A-1 Bonds were authorized to be issued pursuant to the Act, the General New Issue Bond Program Resolution adopted November 19, 2009 (the “Resolution”), the First Supplemental New Issue Bond Program Bond Resolution, adopted November 19, 2009 (the “First Supplemental Resolution”), and the Second Supplemental Resolution Amending the First Supplemental New Issue Bond Program Bond Resolution, adopted September 28, 2010 (together with the First Supplemental Resolution, the “Supplemental Resolution”; the Supplemental Resolution and the Resolution, collectively, the “Resolutions”). Bonds issued pursuant to the Resolution (“New Issue Program Bonds”), including the 2009 Subseries A-1 Bonds, are authorized to be issued for the purpose of providing funds to carry out the New Issue Bond Program as described in the Resolution.

The 2009 Subseries A-1 Bonds are dated, mature on the dates, bear interest at the rates and are subject to redemption and otherwise are as described and provided for in the Supplemental Resolution. Upon the issuance of the 2009 A Bonds, the proceeds thereof, less certain fees, were deposited into an escrow fund. The Housing Development Fund has elected to cause the release of moneys from such fund, in accordance with the terms of the Resolutions, in an amount corresponding to the aggregate principal amount of the 2009 Subseries A-1 Bonds (the “Release”).

Applicable Federal tax law establishes certain requirements that must be met subsequent to the Release and the issuance of the Housing Development Fund's New Issue Program Bonds, 2011 Series A and 2011 Series B (together with the 2009 Subseries A-1 Bonds, the "Related Bonds"), in order that the interest on the 2009 Subseries A-1 Bonds not be included in gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"). The Housing Development Fund has adopted documents with respect to its program (the "Program Documents") that establish procedures under which, if followed, such requirements can be met. The Housing Development Fund has covenanted in the Resolutions to at all times perform all acts and things permitted by law and necessary and desirable in order to assure that interest paid on the 2009 Subseries A-1 Bonds shall be excluded from gross income for federal income tax purposes under any valid provision of law. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of the reasonable expectations made by the Housing Development Fund and others in connection with the Related Bonds. We have relied upon such covenant and have assumed compliance with and enforcement by the Housing Development Fund of the provisions of the Resolutions and the Program Documents.

The Housing Development Fund is authorized to issue other New Issue Program Bonds in addition to the 2009 Subseries A-1 Bonds upon the terms and conditions set forth in the Resolution, and such Bonds, when issued, shall with the 2009 Subseries A-1 Bonds and with all other such Bonds theretofore and thereafter issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Resolution.

Pursuant to the Act, a special trust fund has been established with the Municipal Bond Commission of the State and designated as the Mortgage Finance Bond Insurance Fund. Amounts in the Mortgage Finance Bond Insurance Fund are required by the Act to be applied to the payment of the principal of and interest on Mortgage Finance Bonds, as defined in the Act, when due, to the extent other moneys are not available therefor. The Act provides that in the event that the amount in the Mortgage Finance Bond Insurance Fund is less than its requirement, as established by the Act, the Governor of the State is authorized, but not required, to include the amount of any such deficiency in the budget of the State for the next fiscal year and that the Legislature is authorized, but not required, to make an appropriation of the amount necessary to cure such deficiency.

We are of the opinion that:

1. Under the constitution and laws of the State, the Housing Development Fund has good, right and lawful authority, among other things, to carry out the New Issue Bond Program (as defined in the Resolution), to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the New Issue Program Bonds, including the 2009 Subseries A-1 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, including financing the mortgage loans and collecting and enforcing the collection of Pledged Receipts and Recoveries of Principal as covenanted in the Resolution.
2. The Resolutions have been duly adopted by the Housing Development Fund, are in full force and effect, and are valid and binding upon the Housing Development Fund and enforceable in accordance with their terms.

3. The 2009 Subseries A-1 Bonds have been duly authorized by the Housing Development Fund in accordance with the Resolutions and the laws of the State, including the Act, and pursuant to the Act are issued by a public body corporate of the State for a public purpose.

4. Subject to agreements heretofore or hereafter made with the holders of any notes or other bonds of the Housing Development Fund pledging any particular revenues or assets not pledged under the Resolution and the exclusion by the Act of a pledge of funds in the Land Development, Operating Loan and Jobs Development Funds, the 2009 Subseries A-1 Bonds are valid and legally binding general obligations of the Housing Development Fund payable from the revenues, funds or moneys pledged for the payment thereof pursuant to the Resolution, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Resolution.

5. The New Issue Program Bonds, including the 2009 Subseries A-1 Bonds, are secured by a pledge in the manner and to the extent set forth in the Resolution. The Resolution creates the valid pledge of and lien on the Pledged Receipts and Recoveries of Principal, as defined in the Resolution, and all the Funds and Accounts established by the Resolution and moneys and securities therein, which the Resolution purports to create, subject only to the provisions of the Resolution permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolution.

6. Pursuant to the Resolutions, the Housing Development Fund has validly covenanted in the manner and to the extent provided in the Resolution, among other things, to undertake the New Issue Bond Program with the proceeds of the 2009 Subseries A-1 Bonds, including the financing of mortgage loans, subject to the requirements of the Resolution with respect thereto, and to do all such acts and things necessary to receive and collect the Pledged Receipts and, when applicable, Recoveries of Principal.

7. The State is not liable on the 2009 Subseries A-1 Bonds and the 2009 Subseries A-1 Bonds are not a debt of the State. Neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal of and interest on the 2009 Subseries A-1 Bonds.

8. The Housing Development Fund has validly pledged amounts in the Mortgage Finance Bond Insurance Fund to secure the payment of the 2009 Subseries A-1 Bonds and other Mortgage Finance Bonds and the interest thereon, and amounts to cure deficiencies in the Mortgage Finance Bond Insurance Fund for the payment of Mortgage Finance Bonds may be validly appropriated in accordance with law. The Housing Development Fund is authorized to pledge amounts in the Mortgage Finance Bond Insurance Fund to payment of other obligations issued by the Housing Development Fund upon the terms and conditions contained in the Act and the Resolution.

9. Under existing statutes and court decisions, (i) interest on the 2009 Subseries A-1 Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and

(ii) interest on the 2009 Subseries A-1 Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in the adjusted current earnings of corporations for purposes of calculating the alternative minimum tax.

We express no opinion regarding any other federal or state tax consequences with respect to the 2009 Subseries A-1 Bonds. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to our attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the 2009 Subseries A-1 Bonds, or under state and local tax law. We undertake no responsibility for the accuracy, completeness, or fairness of any official statement or other offering materials relating to the 2009 Subseries A-1 Bonds and express herein no opinion relating thereto.

We have assumed, without undertaking to verify, the genuineness of all documents, certificates and opinions presented to us (whether as originals or as copies) and of the signatures thereon, the accuracy of the factual matters represented, warranted, or certified therein, and the due and legal execution thereof by, and the validity against, any parties other than the Housing Development Fund.

In rendering this opinion, we are advising you that the rights and obligations under the 2009 Subseries A-1 Bonds and the Resolutions and their enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, arrangement, fraudulent conveyance, or other laws affecting creditors' rights or remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law), to the exercise of judicial discretion in appropriate cases, and to limitations on legal remedies. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, waiver, or severability provisions contained in the documents described herein.

We have examined a specimen of the 2009 Subseries A-1 Bonds and in our opinion the form thereof and its execution is regular and proper.

Very truly yours,

## **Introduction**

The General Resolution contains various covenants and security provisions certain of which are summarized below. Reference should be made to the General Resolution for a full and complete statement of its provisions.

## **Contract with Bondholders (Section 202)**

The provisions of the General Resolution constitute a contract between the Housing Development Fund, the Trustee and the holders of the Bonds and the provisions thereof are for the equal benefit, protection and security of the holders of any and all of such Bonds.

## **Provisions for Issuance of Bonds (Sections 204, 206, and 711)**

The General Resolution authorizes Bonds to be issued from time to time in accordance with its terms without limitation as to amount except as provided by law. The Bonds of a Series may be authenticated and delivered only upon receipt by the Trustee of, among other things:

- (1) A counsel's opinion to the effect, among other things, that the Bonds of such Series have been duly and validly authorized and issued in accordance with the constitution and statutes of the State, including the Act as amended to the date of such opinion, and in accordance with the General Resolution;

- (2) The amount of the proceeds of such Series to be deposited in any Fund or Account held by the Trustee pursuant to the General Resolution;
- (3) Except in the case of a refunding issue, a certificate of an authorized officer stating that the Housing Development Fund is not in default in the performance of any of the covenants, conditions, agreements or provisions contained in the General Resolution;
- (4) A Statement of Projected Revenues, consisting of a certificate setting forth the Housing Development Fund's estimate of the Pledged Receipts to be received in each Bond Year on all Mortgage Loans financed or expected to be financed with the proceeds of outstanding Bonds (including the Series thereupon being issued), together with any other Pledged Receipts and any withdrawals from the Capital Reserve Fund or Recoveries of Principal for which, as set forth in a Supplemental Resolution, principal installments on Bonds have been scheduled and showing that such amounts will be sufficient to pay the aggregate debt service and the program expenses in each Bond Year.

The Housing Development Fund is not permitted to issue any obligations or create any indebtedness which will be secured by a superior or equal charge or lien on the revenues or assets pledged under the General Resolution, except that various Series of Bonds may be issued as provided in the General Resolution on a parity with the Bonds of all other Series, secured by an equal charge and lien on such revenues and assets and payable equally therefrom. No Series of Bonds may be issued unless the principal amount of all Bonds issued or to be issued will not exceed any limitation imposed by law and unless, upon the issuance of such Bonds, the amount credited to the Capital Reserve Fund will not be less than the Capital Reserve Fund Requirement. The Housing Development Fund has reserved the right to adopt one or more additional general bond resolutions and to issue other obligations.

#### **Provisions for Refunding Issues (Section 207)**

One or more Series of refunding Bonds may be issued to refund any Outstanding Bonds. Refunding Bonds may be authenticated and delivered only upon receipt by the Trustee of, among other things, irrevocable instructions to give notice of the redemption of all Bonds to be refunded and to give notice as required of the redemption of such Bonds and either (i) moneys sufficient to effect payment at the applicable redemption price of the Bonds to be refunded, together with interest accrued to the redemption date, or (ii) direct obligations of, or obligations insured or guaranteed by, the United States of America or certificates of deposit secured by such obligations, which by their terms will provide moneys sufficient to provide for the payment of such redemption price and accrued interest. Any such moneys, obligations or certificates are required to be held irrevocably in trust under the General Resolution.

#### **Regulations with Respect to Exchanges and Transfers (Section 306)**

For every exchange or transfer of Bonds pursuant to the General Resolution, the Housing Development Fund or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, and, except (i) in the case of a Bond issued upon the first exchange or transfer of a Bond or Bonds hereunder or (ii) as otherwise provided in the General Resolution, may charge the person requesting such exchange or transfer a sum sufficient to pay the cost of preparing each new bond issued upon such exchange or transfer. Neither the Housing Development Fund nor the Trustee is obligated to make any such exchange or transfer of Bonds of any Series during the sixty days next preceding an interest payment date on the Bonds of such Series or, in the case of any proposed redemption of Bonds of such Series, next preceding the date of selection of Bonds for redemption or thereafter until the date of the first publication of notice of such redemption.

**Application of Bond Proceeds and Recoveries of Principal  
(Sections 401 and 402)**

Upon the delivery of each Series of Bonds, other than refunding Bonds, the amount necessary to cause the amount on deposit in the Capital Reserve Fund to equal the Capital Reserve Fund Requirement immediately after such delivery is required to be deposited in the Capital Reserve Fund. Proceeds of such Series of Bonds which are not to be deposited in the Capital Reserve Fund or in the Interest Account (as may be directed by a Supplemental Resolution) are to be deposited in the Mortgage Loan Account established for such Series.

Amounts in the respective Mortgage Loan Accounts, including proceeds of Bonds and Recoveries of Principal, may be applied to the financing of Mortgage Loans only if the mortgages securing such Mortgage Loans have been executed and recorded in accordance with existing laws and unless, among other things, for each such Mortgage Loan:

- (1) such mortgage constitutes a first lien, subject to permitted encumbrances, on the real property or interest therein securing such Mortgage Loan, or is a participation therein;
- (2) the mortgagor has entered into a binding agreement with or for the benefit of the Housing Development Fund that it will pay or escrow all taxes, assessments, water rates, sewer rents and municipal and other charges and fees and any prior liens levied against the premises or any part thereof, and in the case of default in the payment thereof the Housing Development Fund, without notice or demand to the mortgagor, may pay the same and add the amount thereof to the amount of the Mortgage Loan;
- (3) the mortgagor must covenant that it will keep the buildings on the premises insured against loss by fire and other hazards as required by the Housing Development Fund and that it will maintain the premises in good repair and comply with all requirements of governmental authority relating thereto; and
- (4) the mortgagor must obtain a mortgagee policy of title insurance insuring the Housing Development Fund that the mortgage is valid and enforceable in the full amount of the Mortgage Loan.

**Establishment of Funds and Accounts (Section 502)**

The General Resolution establishes the following Funds and Accounts which are to be held by the Trustee:

- (1) Mortgage Loan Fund,
  - (a) Mortgage Loan Accounts (for each Series),
- (2) Revenue Fund;
- (3) Debt Service Fund,
  - (a) Interest Account,
  - (b) Principal Installment Account;
- (4) Redemption Fund,
  - (a) General Redemption Account,
  - (b) Special Redemption Accounts (for each Series);
- (5) Capital Reserve Fund; and
- (6) Surplus Fund.

### **Mortgage Loan Fund (Section 503)**

In addition to proceeds of a Series of Bonds, any Recoveries of Principal received with respect to Mortgage Loans financed by such Series of Bonds constitute part of the Mortgage Loan Account established for such Series and are to be deposited promptly with a Depository and transmitted to the Trustee as soon as practicable. Except to the extent applied to the payment or redemption of Bonds, amounts in the Mortgage Loan Accounts may be expended only to pay the cost of financing Mortgage Loans (or to pay or provide for the payment of Notes issued for such purpose), to pay reasonable and necessary costs of issuance or to pay the principal or Redemption Price, if any, of and the interest on the Bonds when due. The Trustee is required to transfer amounts in the Mortgage Loan Account to the Principal Installment Account in amounts equal to the amounts of Recoveries of Principal for which principal installments on Bonds have been scheduled, as set forth in a Supplemental Resolution. At the direction of the Housing Development Fund, the Trustee may transfer amounts in any Mortgage Loan Account to the appropriate Account within the Redemption Fund or apply such amounts directly to the redemption, purchase or retirement of Bonds at any time that such Bonds shall be subject to redemption or payment from such amounts.

### **Revenue Fund (Section 504)**

All Pledged Receipts are to be deposited promptly with a Depository and transmitted to the Trustee regularly for deposit in the Revenue Fund. On the day preceding each interest payment date, the Trustee is required to make payments from the Revenue Fund as follows:

FIRST: Into the Interest Account, the amount necessary to increase the amount in such Account so that it equals unpaid interest on the Outstanding Bonds due on such interest payment date.

SECOND: Into the Principal Installment Account, to the full extent available in the Revenue Fund, the amount necessary to increase the amount in such Account so that it equals the amount of unpaid principal installments on the Outstanding Bonds due on or before the next date principal of Bonds is due.

THIRD: Into the Capital Reserve Fund, the amount, if any, necessary to cause the amount in such Fund to equal the Capital Reserve Fund Requirement.

FOURTH: Into the Surplus Fund, the amount remaining.

### **Debt Service Fund (Section 505)**

The Trustee is directed to pay to the Paying Agents from the Principal Installment Account and the Interest Account, on or before each Interest Payment Date, the amount required for the payment of the principal (including any Sinking Fund Payment) and interest due on the Outstanding Bonds on such date and is directed to pay from the Interest Account the amounts required for the payment of accrued interest on any Bonds purchased or redeemed. Prior to the forty-fifth day preceding the due date thereof, the amount accumulated in the Principal Installment Account for a Sinking Fund Payment may and, if directed by the Housing Development Fund, is required to be applied by the Trustee to the purchase or redemption of Bonds of the Series and maturity for which such Sinking Fund Payment was established at prices not exceeding the redemption price which would be payable for such Bonds upon redemption by application of such Sinking Fund Payments and upon any such purchase or redemption, an amount equal to the principal amount of such Bonds is to be credited toward such Sinking Fund Payment. The amount of any excess of the principal amounts so credited over the amount of such Sinking Fund Payment is to be credited against future Sinking Fund Payments for such Series in direct chronological order.

As soon as practicable after the forty-fifth day preceding the due date of any Sinking Fund Payment, the Trustee is to proceed to call for redemption on such due date, Bonds of the Series and maturity for which such Sinking Fund Payment was established in a principal amount equal to the amount of such Sinking Fund Payment reduced by crediting thereto, the principal amount of Bonds purchased or redeemed as described above. The Trustee is required to call such Bonds for redemption whether or not it then has moneys in the Principal Installment Account sufficient to pay the applicable Redemption Price on the Redemption Date.

### **Redemption Fund (Section 506)**

There are to be deposited in the General Redemption Account and the Special Redemption Accounts any amounts required by the General Resolution or a Supplemental Resolution to be so deposited and any other amounts available therefore and determined by the Housing Development Fund to be deposited therein. Subject to the provisions of the General Resolution or of any Supplemental Resolution requiring the application thereof to the purchase or redemption of any particular Bonds, the Trustee is required to apply the amounts deposited in any Special Redemption Account to the purchase or redemption of any of the Bonds of the Series with respect to which such Account was created at the time and in the manner provided in the General Resolution and amounts in the General Redemption Account may be applied to the purchase or redemption of any Bonds at the election of the Housing Development Fund. Prior to the forty-fifth day upon which Bonds are to be redeemed from such amounts, the Trustee may apply amounts in any Account within the Redemption Fund to the purchase of any of such Bonds, except that the Housing Development Fund may require or prohibit such purchases. The purchase price paid may not exceed the principal amount of such Bonds unless such Bond may be redeemed within thirteen months after such purchase in which event such price shall not exceed the applicable redemption price. If the Trustee is able to purchase a principal amount of Bonds equal to the amounts deposited in such Account at a purchase price less than such amounts, any balance of the moneys remaining in such Account is to be deposited in the Revenue Fund.

Upon the purchase or redemption of Bonds of any Series and maturity for which Sinking Fund Payments have been established from amounts in any Special Redemption Account, each future Sinking Fund Payment for such Bonds will be credited by an amount bearing the same ratio to such Sinking Fund Payment as the total principal amount of such Bonds so purchased or redeemed bears to the total amount of all such Sinking Fund Payments, unless otherwise directed by the Housing Development Fund.

On or before the redemption date, the Trustee is required to pay to the Paying Agents, from the applicable Account within the Redemption Fund, the amounts required for the payment of the Redemption Price on any Bonds to be redeemed. When none of the Bonds of the Series relating thereto remain outstanding, the Special Redemption Account will be closed and the amounts therein are to be withdrawn and deposited in the Revenue Fund. Except for amounts required to be retained therein for the redemption of Bonds for which notice of redemption has been given or for which the Trustee has received irrevocable instructions to give such notice on a future date, amounts in any Account in the Redemption Fund may be transferred to the Principal Installment Account at the written request of an Authorized Officer of the Housing Development Fund.

### **Capital Reserve Fund (Section 507)**

If the amounts on deposit in the Principal Installment Account or Redemption Fund and the Interest Account are less than the amount required for the payments due on the Bonds on any date, the Trustee is to apply amounts from the Capital Reserve Fund to the extent required to make good the deficiency. All income earned or gain realized as a result of investment of amounts on deposit in the Capital Reserve Fund is to be deposited therein. If, concurrently with the transfer of funds from the Revenue Fund, the amount on deposit in the Capital Reserve Fund is in excess of the Capital Reserve Fund Requirement, the Trustee, at the direction of an authorized officer of the Housing Development Fund, is to transfer the amount of such excess to the Revenue Fund. The Trustee is also required to apply amounts in the Capital Reserve Fund to the redemption of Bonds if and to the extent, as nearly as practicable, as the redemption of any Bonds from any other Fund or Account would cause the Capital Reserve Fund to exceed the Capital Reserve Fund Requirement. Bonds to be redeemed from amounts in the Capital Reserve Fund are to be selected in such manner as the Housing Development Fund specifies in written instructions or, failing such instructions as the Trustee, in its discretion, deems advisable.

Whenever the amount in the Capital Reserve Fund, together with the amount in the Debt Service Fund, is sufficient to pay the principal of and interest on all Outstanding Bonds (including the Sinking Fund Payments for the retirement thereof), all amounts on deposit in the Capital Reserve Fund are to be transferred to the appropriate Account in the Debt Service Fund.

#### **Surplus Fund (Section 508)**

Amounts in the Surplus Fund not needed to cover deficiencies in the Principal Installment Account, Interest Account or Capital Reserve Fund may be applied at any time to any lawful purpose of the Housing Development Fund.

#### **Deposits and Investments (Sections 510, 511 and 512)**

All amounts held by the Trustee, any Paying Agent or any Depository under the General Resolution may be placed on demand or time deposit and, in addition, any amounts held by the Trustee thereunder may be invested in Investment Securities. All amounts held under the General Resolution which are not held in trust for the payment of particular Bonds or which do not represent an investment of amounts held thereunder must be continuously and fully secured for the benefit of the Housing Development Fund and the holders of the Bonds by lodging Investment Securities with the Trustee, or in such other manner as may then be required by applicable federal or state laws regarding the deposit of trust funds. In computing the amount in any Fund or Account, obligations purchased as an investment of moneys therein shall be valued at par if purchased at par value or at amortized value if purchased at other than par value. Valuation shall be made on each May 1, and November 1, and on any particular date shall include the amount of interest then earned or accrued to such date on any such moneys or investment.

#### **Payment of Bonds (Section 701)**

The Housing Development Fund covenants that it will duly and punctually pay, or cause to be paid, the principal and redemption price, if any, of every Bond and the interest thereon, at the dates and places and in the manner stated in the Bonds, according to the true intent and meaning thereof, and shall duly and punctually pay or cause to be paid all Sinking Fund Payments, if any, becoming payable with respect to any Series of Bonds.

#### **Powers as to Bonds and Pledge (Section 704)**

#### **Tax Covenants (Section 705)**

The Housing Development Fund covenants that (i) it will at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid on the Bonds, except for Bonds issued as taxable Bonds, shall, for the purposes of federal income taxation, be excludable from the gross income of the recipients thereof.

#### **Accounts and Reports (Section 706)**

The Housing Development Fund covenants that it will keep, or cause to be kept, proper books of record and account in which complete and accurate entries shall be made of all its transactions relating to the New Issue Bond Program and all Funds and Accounts established by the General Resolution which shall at all reasonable times be subject to the inspection of the Trustee and the holders of an aggregate of not less than 5% in principal amount of Bonds then outstanding or their representatives duly authorized in writing.

On or before the twenty-fifth day of each month or as soon as practicable thereafter, the Housing Development Fund is required to submit to the Trustee a statement of account for the preceding month and setting forth the individual totals of the amounts received as Recoveries of Principal and Pledged Receipts during such month and the amount required to pay reasonable or necessary Program Expenses.

The Housing Development Fund must annually, on or before the first day of each Bond Year, deliver a Statement of Projected Revenues, as described under "Provisions for Issuance of Bonds", to the Trustee and, on or before 120 days after the close of each fiscal year, must file with the Trustee, and with such officials of the State, if any, as may be required by the Act, as amended (1) a copy of an annual report for such fiscal year, setting forth its operations and accomplishments during such fiscal year and (2) financial statements of the Housing Development Fund for such fiscal year setting forth in reasonable detail: (a) a statement of revenues and expenses in accordance with the categories or classifications established by the Housing Development Fund for its New Issue Bond Program purposes, (b) a balance sheet for the New Issue Bond Program showing its assets and liabilities at the end of such fiscal year, and (c) a statement of changes in financial position for the New Issue Bond Program for such fiscal year. The financial statements for the New Issue Bond Program may be combined with financial statements for other programs and purposes of the Housing Development Fund so long as the said financial statements for the New Issue Bond Program are separately identified. The financial statements shall be accompanied by the report of an accountant to the effect that the financial statements examined present fairly the financial position of the Housing Development Fund at the end of the fiscal year, the results of its operations and the changes in financial position for the period examined, in conformity with generally accepted accounting principles. A copy of each such annual report and accountant's report shall be mailed promptly thereafter by the Housing Development Fund to each Bondholder who shall have filed his name and address with the Housing Development Fund for such purpose.

### **Budgets (Section 707)**

The Housing Development Fund must prepare a preliminary budget covering its fiscal operations for the succeeding year at least thirty days prior to the first day of each fiscal year and a summary of such budget shall be open to inspection by any Bondholder. The Housing Development Fund shall hold a public hearing on the budget if requested by the holders of 10% or more of the Outstanding Bonds in the manner provided by the terms of the General Resolution.

The Housing Development Fund must adopt an annual budget covering its fiscal operations for the succeeding fiscal year not later than sixty days after the first day of each such fiscal year, and file the same with the Trustee and with such officials of the State as may be required by the Act, as then amended. The annual budget shall at least set forth for such fiscal year the estimated Pledged Receipts, Recoveries of Principal, Principal Installments and interest due and payable or estimated to become due and payable during such fiscal year and estimated Program Expenses. The Housing Development Fund at any time may adopt and file with the Trustee an amended annual budget for the remainder of the then current fiscal year in the manner provided in the General Resolution for the adoption of the annual budget. Copies of the annual budget and any amended annual budget must be made available by the Trustee for inspection by any Bondholder.

### **New Issue Bond Program (Section 708)**

The Housing Development Fund covenants from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Act, with the provisions of the General Resolution and with sound banking practices and principles, to use and apply the proceeds of the Bonds (to the extent not reasonably or otherwise required for other purposes of the New Issue Bond Program) to finance Mortgage Loans, to do all such acts and things necessary to receive and collect Pledged Receipts and, when applicable, Recoveries of Principal sufficient to pay Program Expenses and principal or redemption price, if any, of and interest on the Bonds and to diligently enforce, and take all steps, actions and proceedings reasonably necessary in the judgment of the Housing Development Fund to maintain any insurance on Mortgage Loans and to enforce all terms, covenants and conditions of the Mortgage Loans.

Whenever necessary in order to protect and enforce the interests and security of the holders of the Bonds, the Housing Development Fund shall commence foreclosure or pursue other appropriate remedies with respect to any Acquired Mortgage which is in default.

The Housing Development Fund may sell or assign an Acquired Mortgage:

- (1) in order to realize the benefits of insurance with respect to such Acquired Mortgage;
- (2) in order to provide funds to finance another Mortgage Loan having substantially equivalent terms as the remainder of such Acquired Mortgage;
- (3) in order to provide funds to provide for the redemption or purchase of a principal amount of Bonds of the applicable Series and maturities corresponding to the unpaid principal amount of such Acquired Mortgage, or
- (4) a statement of Projected Revenues is filed with the Trustee giving effect to the proposed sale thereof and application of the proceeds of such sale.

#### **Housing Development Fund to Maintain Existence (Section 716)**

The Housing Development Fund has covenanted and agreed that, so long as Bonds remain Outstanding under the Resolution it will maintain its corporate existence and continue to be a governmental instrumentality of the State subject to suit in the courts of the State and that it will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another entity or permit another entity to consolidate with or merge into it.

#### **Maintenance of Debt Ratios (Section 717)**

The Housing Development Fund shall take reasonable steps to provide that, under normal circumstances, (i) the amount of annual principal payments on long term unsecured general obligation indebtedness will not exceed the excess of general fund revenues over general fund expenses, (ii) the amount of working capital available will not fall below 25% of budgeted annual operating expenses of the general fund, (iii) the ratio of total liabilities (including special obligations or subordinated debt) to fund balances will not exceed 20:1 and (iv) the consolidated tangible fund balances of all funds (including the Bond Insurance Fund) will not be less than 10% of the principal amount of the outstanding general obligation indebtedness having a maturity of greater than three years.

#### **Powers of Amendment (Section 902)**

Any modification or amendment of any provision of the General Resolution or of the rights and obligations of the Housing Development Fund and of the holders of the Bonds may be made by a Supplemental Resolution, with the written consent given as provided in the General Resolution (a) of the holders of at least two-thirds in principal amount of the Bonds Outstanding, (b) in case less than all of the several Series of Bonds would be affected by such modification or amendment, of the holders of at least two-thirds in principal amount of the Outstanding Bonds of each Series so affected, or (c) in case the modification or amendment changes the terms of any Sinking Fund Payment, of the holders of at least two-thirds in principal amount of the Outstanding Bonds of the particular Series and maturity entitled to such Sinking Fund Payment, except that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain outstanding, the consent of the holders of such Bonds shall not be required. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal amount or the redemption price of any Bond or in the rate of interest thereon without the consent of the holder of such Bond or shall reduce the percentages or otherwise affect the classes of Bonds, the consent of the holders of which is required to effect any such modification or amendment.

The Housing Development Fund may, without the consent of Bondholders, adopt Supplemental Resolutions (i) to provide for the issuance of Bonds, (ii) to add to the rights of the Bondholders or (iii) to cure any ambiguity, omission or defect.

### **Events of Default (Section 1002)**

It is an "event of default" if: (a) the Housing Development Fund shall default in the payment of the principal or redemption price of any Bonds when and as the same shall become due, whether at maturity or upon call for redemption or otherwise; (b) payment of any installment of interest on any of the Bonds shall not be made within fifteen days after the same shall become due; (c) the Housing Development Fund shall fail or refuse to comply with its obligations under the General Resolution and the Act with respect to the Mortgage Finance Bond Insurance Fund; or (d) the Housing Development Fund fails or refuses to comply with the provisions of the General Resolution, or shall default in the performance or observance of any of the covenants, agreements or conditions contained therein, in any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of forty-five days after written notice thereof by the Trustee or the holders of not less than 5% in principal amount of the Outstanding Bonds.

### **Remedies (Section 1003)**

Upon the happening and continuance of any event of default specified in clauses (a), (b) and (c) above, the Trustee shall proceed, or upon the happening and continuance of any event of default specified in clause (d) above, the Trustee may proceed, and upon the written request of the holders of not less than 25% in principal amount of the Outstanding Bonds shall proceed, in its own name, subject to the provision of this section, to protect and enforce its rights and the rights of the Bondholders by such of the following remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights: (a) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Bondholders, including the right to require the Housing Development Fund to receive and collect revenues and assets, including Pledged Receipts and Recoveries of Principal, adequate to carry out the covenants and agreements as to, and pledge of, such revenues and assets, and to require the Housing Development Fund to carry out any other covenant or agreement with Bondholders and to perform its duties under the Act; (b) by bringing suit upon the Bonds; (c) by action or suit in equity, to require the Housing Development Fund to account as if it were the trustee of an express trust for the holders of the Bonds; (d) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Bonds; (e) by declaring all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the holders of not less than 25% in principal amount of the Outstanding Bonds, by annulling such declaration and its consequences; or (f) in the event that all Bonds are declared due and payable, by selling Acquired Mortgages and Investment Securities.

### **Priority of Payments After Default (Section 1004)**

In the event that during the continuance of an event of default, the funds held by the Trustee and Paying Agents are insufficient for the payment of principal or redemption price, if any, and interest then due on the Bonds, such funds (other than funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other moneys received or collected by the Trustee acting pursuant to the Act and the General Resolution, after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the holders of the Bonds and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee or any Paying Agents in the performance of their respective duties under the General Resolution, are to be applied as follows:

- (1) Unless the principal of all of the Bonds has become or been declared due and payable:

FIRST: To the payment to the persons entitled thereto of all installments of interest then due in the order of the maturity of such installments, and, if the amount available is not sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the person entitled thereto, without any discrimination or preference; and

SECOND: To the payment to the persons entitled thereto of the unpaid principal or redemption price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or redemption if any, due on such date, to the persons entitled thereto, without any discrimination or preference.

- (2) If the principal of all of the Bonds has become or been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds.

### **Compensation of Trustee (Section 1105)**

The Housing Development Fund is required to pay to the Trustee and to each Paying Agent from time to time reasonable compensation for all services rendered under the General Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of their attorneys, agents and employees, incurred in and about the performance of their powers and duties under the General Resolution, and the Trustee and each Paying Agent shall have a lien therefor on any and all funds at any time held by it under the General Resolution.

### **Defeasance (Section 1201)**

If the Housing Development Fund shall pay or cause to be paid to the holders of the Bonds, the principal and interest and redemption price, if any, to become due thereon, at the times and in the manner stipulated therein and in the General Resolution, then the pledge of any revenues and assets thereby pledged and all other rights granted thereby shall be discharged and satisfied.

Bonds or interest installments for the payment or redemption of which moneys have been set aside and held in trust by Fiduciaries (through deposit by the Housing Development Fund of funds for such payment of redemption or otherwise) shall at the maturity or redemption date thereof will be deemed to have been paid within the meaning and with the effect expressed in the above paragraph. Any outstanding Bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect so expressed if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Housing Development Fund shall have given to the Trustee, in form satisfactory to it, irrevocable instructions to give notice of redemption on said date of such Bonds, (b) there shall have been deposited with the Trustee either moneys in an amount which is sufficient, or Investment Securities, the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty days, the Housing Development Fund shall have given the Trustee in form satisfactory to it irrevocable instructions to mail notice to the holders of such Bonds that the deposit required by (b) above has been made with the Trustee and that said Bonds are deemed to have been paid and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds. Neither the Investment Securities or the moneys so deposited with the Trustee nor principal or interest payments on any such Investment Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or redemption price, if applicable, and interest on said Bonds, but any cash received from such principal or interest payments on such Investment Securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in obligations maturing at times and in amounts sufficient to pay when due the principal or redemption price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestment shall be paid over to the Housing Development Fund, as received by the Trustee, free and clear of any trust, lien or pledge.

**APPENDIX F**  
**SUMMARY OF DTC'S POLICIES AND PROCEDURES**

DTC, New York, NY, will act as securities depository for the 2011 A and B Bonds and currently acts as securities depository for the 2009 A Bonds (collectively, the "Bonds"). The Bonds are issuable as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of each series of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest security depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of Bonds ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners of the Bonds will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts the Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices for the Bonds are to be sent to Cede & Co. If less than all of the maturity of a series of Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Housing Development Fund as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Housing Development Fund or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Housing Development Fund, subject to any statutory or regulatory requirements that may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Information contained in the preceding paragraphs under the subheading "Summary of DTC's Policy and Procedures" has been obtained from DTC. The Housing Development Fund makes no representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof. No assurance can be given by the Housing Development Fund that DTC and the Participants will make prompt transfers of payments to Beneficial Owners. **The Housing Development Fund is not responsible or liable for payments by DTC or the Participants or for sending transaction statements or for maintaining, supervising or reviewing records maintained by DTC or the Participants, or for any other action taken by DTC or the Participants, including the furnishing of notices to Beneficial Owners or the choice of Beneficial Owners to whom redemptions of Bonds will apply.**

In the event the Housing Development Fund determines that it is in the best interest of the Beneficial Owners that they be able to obtain Bond certificates in physical form for a series of Bonds, the Housing Development Fund may notify DTC and the Trustee, whereupon DTC will notify the Participants of the availability through DTC of the Bond certificates. In such event, the Trustee shall issue, transfer and exchange Bond certificates as requested by DTC and any other Bond owners in appropriate amounts.

DTC may discontinue its services with respect to the Bonds of any series at any time by giving written notice to the Housing Development Fund and the Trustee. Under such circumstances (if there is no successor securities depository) the Housing Development Fund and the Trustee will deliver Bonds in physical form as described in the General Resolution (the "Replacement Bonds") in exchange for the certificates registered in the name of Cede & Co. In the event such Bond certificates are issued, the provisions of the General Resolution shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal and interest on such Bond certificates.

Section 1.5. Additional Disclosure Obligations. The Housing Development Fund acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933 and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, may apply to the Housing Development Fund and that, under some circumstances, additional disclosures or other action in addition to those required by this Agreement may be required to enable the Housing Development Fund to fully discharge all of its duties and obligations under such laws.

(b) The Housing Development Fund's and the Trustee's obligations under this Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds.

(c) This Agreement, or any provision hereof, shall be null and void in the event that the Housing Development Fund (1) delivers to the Trustee an opinion of Counsel, addressed to the Housing Development Fund and the Trustee, to the effect that those portions of the Rule which require this Agreement, or such provision, as the case may be, do not or no longer apply to such Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) delivers copies of such opinion to the MSRB.

(a) This Agreement may be amended, by written agreement of the parties, without the consent of the holders of the Bonds (except to the extent required under clause (4)(ii) below), if all of the following conditions are satisfied: (1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Housing Development Fund or the type of business conducted thereby, (2) this Agreement as so amended would have complied with the requirements of the Rule as of the date of this Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, (3) the Housing Development Fund shall have delivered to the Trustee an opinion of Counsel, addressed to the Housing Development Fund and the Trustee, to the same effect as set forth in clause (2) above, (4) either (i) the Housing Development Fund shall have delivered to the Trustee an opinion of Counsel or a determination by a person, in each case unaffiliated with the Housing Development Fund (such as bond counsel or the Trustee) and acceptable to the Housing Development Fund, addressed to the Housing Development Fund and the Trustee, to the effect that the amendment does not materially impair the interests of the holders of the Bonds or (ii) the holders of the Bonds consent to the amendment to this Agreement pursuant to

the same procedures as are required for amendments to the Resolution with consent of holders of Bonds pursuant to Section 803 of the Resolution as in effect at the time of the amendment, and (5) the Housing Development Fund shall have delivered copies of such opinion(s) and amendment to the MSRB.

(b) This Agreement may be amended, by written agreement of the parties, without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Agreement which is applicable to this Agreement, (2) the Housing Development Fund shall have delivered to the Trustee an opinion of Counsel, addressed to the Housing Development Fund and the Trustee, to the effect that performance by the Housing Development Fund and Trustee under this Agreement as so amended will not result in a violation of the Rule and (3) the Housing Development Fund shall have delivered copies of such opinion and amendment to the MSRB.

(c) This Agreement may be amended, by written agreement of the parties, without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) the Housing Development Fund shall have delivered to the Trustee an opinion of Counsel, addressed to the Housing Development Fund and the Trustee, to the effect that the amendment is permitted by rule, order or other official pronouncement, or is consistent with any interpretive advice or no-action positions of Staff, of the SEC, and (2) the Trustee shall have delivered copies of such opinion and amendment to the MSRB.

(e) If an amendment is made pursuant to Section 3.2(a) hereof to the accounting principles to be followed by the Housing Development Fund in preparing its financial statements, the Annual Financial Information for the fiscal year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

Section 3.3. Benefit; Third-Party Beneficiaries; Enforcement. (a) The provisions of this Agreement shall constitute a contract with, and inure solely to the benefit of, the holders from time to time of the Bonds, except that Beneficial Owners of Bonds shall be third-party beneficiaries of this Agreement and shall be deemed to be holders of Bonds for purposes of Section 3.3(b) hereof. The provisions of this Agreement shall create no rights in any person or entity except as provided in this subsection (a).

(b) The obligations of the Housing Development Fund to comply with the provisions of this Agreement shall be enforceable (i) in the case of enforcement of obligations

to provide financial statements, financial information, operating data and notices, by any holder of Outstanding Bonds, or by the Trustee on behalf of the holders of Outstanding Bonds, or (ii), in the case of challenges to the adequacy of the financial statements, financial information and operating data so provided, by the Trustee on behalf of the holders of Outstanding Bonds; provided, however, that the Trustee shall not be required to take any enforcement action except at the direction of the holders of not less than 25% in aggregate principal amount of the Bonds at the time Outstanding who shall have provided the Trustee with adequate security and indemnity. The holders' and Trustee's rights to enforce the provisions of this Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Housing Development Fund's obligations under this Agreement.

(c) Any failure by the Housing Development Fund or the Trustee to perform in accordance with this Agreement shall not constitute a default or an Event of Default under the Resolution, and the rights and remedies provided by the Resolution upon the occurrence of a default or an Event of Default shall not apply to any such failure.

(d) This Agreement shall be construed and interpreted in accordance with the laws of the State, and any suits and actions arising out of this Agreement shall be instituted in a court of competent jurisdiction in the State; provided, however, that to the extent this Agreement addresses matters of federal securities laws, including the Rule, this Agreement shall be construed in accordance with such federal securities laws and official interpretations thereof.
