SECTION 1: GENERAL INFORMATION AND SCHEDULE

1.1. Introduction:

The West Virginia Housing Development Fund (the WVHDF or Agency), a public body corporate and governmental instrumentality of the State of West Virginia, is issuing this Solicitation as a request for proposal (RFP) seeking qualified candidates (Vendor) to prepare a Statewide Housing Needs Assessment for the State of West Virginia (WV) by conducting a data-driven housing assessment of the current and future housing needs in the State of WV, statewide and county by county. The purpose of the study is to provide the information and data required to direct both rental and homeownership housing strategies of the State.

The RFP is a procurement method in which Vendors submit proposals in response to the request for proposal. It requires an award to the highest scoring Vendor, rather than the lowest cost Vendor, based upon a technical evaluation of the Vendor's technical proposal and a cost evaluation. This is referred to as a best value procurement. Through their proposals, Vendors offer a solution to the objectives, problems, or needs specified in the RFP and define how they intend to meet (or exceed) the RFP requirements.

NOTE: IF YOU ARE INTERESTED OR POSSIBLY INTERESTED IN SUBMITTING A BID, YOU MUST SUBSCRIBE TO THE WV-HNA MAILING LIST. SECTION 4: PROJECT SPECIFICATIONS

- 4.1. Background and Current Operating Environment:** The WVHDF is a public body corporate and governmental instrumentality of the State of West Virginia created by the State in 1968 to provide safe, decent, affordable housing for West Virginians.

The results of the Statewide Housing Needs Assessment will enable the WVHDF, and all stakeholders and interested members of the housing community, to better understand housing and housing-related service needs for low-, moderate-, and middle-income households in order to prioritize needs, to develop effective program and policy responses, and to coordinate the use of Federal, State, and local resources. It will identify key housing issues for each of the 55 counties within the State of West Virginia (the State).

- 4.2. Project Goals and Requirements:** The Statewide Housing Needs Assessment should identify data on current housing types and trends in the State on a county-by-county basis for each of its 55 counties. This includes projections of future demographics and any changes in housing trends. The Vendor is to provide data related to the conditions, challenges, and opportunities in the State's housing market(s). The Vendor should describe its approach and methodology to meet the goals/objectives and requested data identified below.

- 4.2.1. Goals and Objectives:** The project goals and objectives are listed below.

4.2.1.1. Define the existing housing stock within each County and the State.

4.2.1.2. Provide accurate demographics within each County and the State.

4.2.1.3. Identify the gap between statewide housing inventory and the State's current housing needs and projected housing for both rental and ownership over the next year, 5 years, 10 years, and 15 years, by County and State.

4.2.1.4. Analyze and compare the change in housing costs in the past three years, including how it compares to change in income.

4.2.2. Mandatory Project Requirements: The following mandatory requirements relate to the goals and objectives and must be met by the Vendor as a part of its submitted proposal. The Vendor should describe how it will comply with the mandatory requirements and include any areas where its proposed solution exceeds the mandatory requirements. Failure to comply with mandatory requirements will lead to disqualification. The approach/methodology that the Vendor uses to comply, and areas where the mandatory requirements are exceeded, will be included in technical scores where appropriate. The mandatory project requirements are listed below.

WEST VIRGINIA HOUSING DEVELOPMENT FUND
STATEWIDE HOUSING NEEDS ASSESSMENT

4.2.2.1. For each County and the State, analyze the existing housing stock in terms of supply, demand, condition, age, and type of housing available, and the cost of housing (market-rate, income restricted, etc.) for both rental and for sale/homeownership markets.

4.2.2.2. For each County and the State, list median housing rents, vacancy rates, and number of income restricted housing units compared to market-rate housing units at 0-30%, 31-60%, 61-80%, 81-120% and 120+% Area Median Income (AMI).

4.2.2.3. Based on the existing housing stock within the State and current demographics, identify and describe the housing gaps and overall demand/needs for housing. Include homeownership by first-time homebuyers, income restricted homeownership and rental opportunities (efficiency, one-bedroom, two-bedroom, three-bedroom, four-bedroom(+), single-family, duplex, multifamily, etc.), market-rate and income restricted home creation, absorption rates, and sales. For each, describe constraints and trends.

4.2.2.4. Provide by County the number of units of unmet need separately by family and elderly units, for both rental and sale/homeownership markets, and by AMI breaks: 0-30%, 31-60%, 61-80%, 81-120% and 120+%. In addition, for each County, include the unmet need percentage by the same AMI breakdowns.

4.2.2.5. Calculate trends within the State for each target market by identifying the net gain, decline and demand of market rate, and income restricted housing (single-family, multifamily, for sale and for rent) utilizing the following AMI breaks: 0-30%, 31-60%, 61-80%, 81%, 81-120% and 120+%.

4.2.2.6. Project the demand for additional units over the next year, 5 years, 10 years, and 15 years based on demographic trends. To the degree practical, identify potential need for additional units by income category (at 0-30%, 31-60%, 61-80%, and 81%, 81-120% and 120+% AMI) and type of household (family vs. elderly).

4.2.3. Other Project Requests: The following items relate to the goals and objectives. The Vendor should include information related to these items as a part of its submitted proposal. The Vendor should describe how it will comply with the request or if unable. The response to these items will be included as part of the technical scores where appropriate.

4.2.3.1. To the extent reasonably possible, provide a list of the current residential rental housing stock (eight units or more) including, but not limited to, the property name, location, age, condition, unit mix by number of bedrooms,

affordable or market rate, rent structure by number of bedrooms, occupancy levels by number of bedrooms, and waiting list by number of bedrooms.

Ensure that the report is specific and detailed with respect to an analysis of the occupancy and vacancy rates for the existing residential rental housing stock overall; and stratified by subsidized and non-subsidized, by type of occupancy (family/elderly), and by number of bedrooms in the unit (Efficiency, 1 BR, 2 BR, 3 BR, and 4+ BR).

Note: The WVHDF has information on certain residential rental properties that it will provide to assist the selected Vendor, per request.

4.2.3.2. Describe the significant characteristics of the current housing market and inventory within the County/State.

4.2.3.3. Rank the counties by their unmet need using the data results of 4.2.2.4.

4.2.3.4. Analyze and compare the change in housing costs in the past three years, including how it compares to change in income.

4.2.3.5. If possible, provide a list of public housing authorities, county(ies) covered, and their estimated voucher availability and estimated waiting list count.

4.2.3.6. If possible, provide by County, a list of Homeless shelters, transitional facilities and recovery facilities, including capacity and average availability.

4.2.4. Other Information: Provide any other information that has not been requested that will be included in your report that will enhance the study and benefit West Virginians. These items will be considered in determining the best candidate for this request.

6.3. Technical Bid Opening: Technical proposals will be opened the day following the technical bid deadline and provided to the Agency evaluation committee for evaluation.

6.4. Technical Evaluation: The Agency evaluation committee will review the technical proposals, assign points where appropriate, and make a final recommendation to the Executive Director.

6.6. Cost Bid Opening: After the technical evaluation has been completed and the Executive Director has approved the technical recommendation of the evaluation committee, all cost bids received will be opened. 6.7. Cost Evaluation: The Agency evaluation committee will review the cost proposals, assign points in accordance with the cost evaluation formula contained herein and make a final recommendation to the Executive Director.

Cost Evaluation Formula: Each cost proposal will have points assigned using the following formula for all Vendors not disqualified during the technical evaluation. The lowest cost of all proposals is divided by the cost of the proposal being evaluated to generate a cost score percentage. That percentage is then multiplied by the points attributable to the cost proposal to determine the number of points allocated to the cost proposal being evaluated.

Step 1: $\text{Lowest Cost of All Proposals} / \text{Cost of Proposal Being Evaluated} = \text{Cost Score Percentage}$

REQUEST FOR PROPOSALS
WEST VIRGINIA HOUSING DEVELOPMENT FUND
STATEWIDE HOUSING NEEDS ASSESSMENT

Step 2: Cost Score Percentage X Points Allocated to Cost Proposal = **Total Cost Score**

Example:

Proposal 1 Cost is \$60,000

Proposal 2 Cost is \$75,000

Points Allocated to Cost Proposal is 25

Proposal 1: Step 1 – $\$60,000 / \$60,000$ = Cost Score Percentage of 1 (100%)
Step 2 – 1×25 = Total Cost Score of 25

Proposal 2: Step 1 – $\$60,000 / \$75,000$ = Cost Score Percentage of 0.80 (80%)
Step 2 – 0.80×25 = Total Cost Score of 20

- 6.8. Availability of Information:** Proposal submissions and other documents become public records once submitted to the WVHDF and are subject to disclosure under the Freedom of Information Act unless an exemption applies.

IF YOU SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE, NOTE AS SUCH.

- 6.9. Acceptance of Vendor Proposal:** The WVHDF reserves the right to reject any and all proposals, to accept or reject any part of any proposal, or to waive informalities and minor irregularities in the proposals. Proposals which contain erasures, alterations, conditional proposals, omissions, or irregularities may be rejected.

PURCHASING AFFIDAVIT

ALL CONTRACTS: Neither the contract nor any renewal of the contract will be awarded to any Vendor or prospective Vendor when the Vendor or prospective Vendor or a related party to the Vendor or prospective Vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a Vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the Vendor has entered into a payment plan or agreement and the Vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code §23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any Vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the Vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a Vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the Vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither the Vendor nor any related party owe a debt as defined above and that neither the Vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
